Few words are needed in this inventive and fun transportation adventure! "Bus! Stop!" a boy yells, as his bus pulls away one early morning. He must wait for the next bus. But the next one does NOT look like his bus at all. And neither does the next one, or the next. At first, the boy is annoyed. Then he is puzzled. Then intrigued. The other buses look much more interesting than his bus. Maybe he should try a different bus after all, and he's glad he does! Here is a book with few words and delightful illustrations that shows very young children that

trying something a little different can be a lot of fun.

With the same brilliant combination of humor and warmth she brought to bestseller *Bird by Bird*, Anne Lamott gives us a smart, funny, and comforting chronicle of single motherhood. It's not like she's the only woman to ever have a baby. At thirty-five. On her own. But Anne Lamott makes it all fresh in her now-classic account of how she and her son and numerous friends and neighbors and some strangers survived and thrived in that all important first year. From finding out that her baby is a boy (and getting used to the idea) to finding out that her best friend and greatest supporter Pam will die of cancer (and not getting used to that idea), with a

generous amount of wit and faith (but very little piousness), Lamott narrates the great and small events that make up a woman's life. "Lamott has a conversational style that perfectly conveys her friendly, self-deprecating humor." -- Los Angeles Times Book Review "Lamott is a wonderfully lithe writer Anyone who has ever had a hard time facing a perfectly ordinary day will identify." -- Chicago Tribune *Last Stop on Market Street* Crown

Jackie Nickerson's *Faith* is a compelling portrayal of a hidden world, the Catholic religious orders of Ireland. Her combination of gentle portraits and simple documentation of daily rituals and communal devotion suggest an austere existence grounded in optimism, strength and contentment. The

simplicity of Nickerson's images invokes the muted and restrained palette of Fra Angelico, bringing an often beatific air to her tranquil subjects. Whilst never suggesting that she is able to divine or represent the veiled mysteries of faith, Nickerson does manage to honestly present a vocational life riven by clarity of purpose and personal courage. Jackie Nickerson has lived and worked in Paris, Tokyo, London and New York, and currently lives in rural Ireland. She has an international reputation for photographing people and their environments. In 2002, she published *Farm*, a book of portraits of farm workers taken across southern Africa. Her work is represented in many important collections, such as the Irish Museum of Modern Art and the Santa Monica

Museum.

Orion Children's Books

Three science fiction novels from the Nebula Award-nominated author of *The Hustler* and *The Color of Money*. *The Man Who Fell to Earth* After his home planet is devastated by war, an alien disguised as a human comes to Earth on a mission to save his people. He begins amassing wealth needed to build a spacecraft to bring his people to join him, but his plans get sidelined when he descends into alcoholism. *Mockingbird* On a post-apocalyptic Earth where humanity has suffered devastating losses, people are drugged from childhood on, there is no art, and reading is illegal. A suicidal machine runs the world, while the passion between two humans provides

the only hope for humankind. *The Steps of the Sun* When the world's richest man travels to the stars in search of the mineral wealth America needs to get it out of an energy crisis, he finds more than he bargains for—and gets more than he ever believed was possible . . . “Among the finest science fiction novels . . . Just beneath the surface it might be read as a parable of the Fifties and of the Cold War. Beneath that as an evocation of existential loneliness, a Christian fable, a parable of the artist. Above all, perhaps, as the wisest, truest representation of alcoholism ever written.” —James Sallis, *Fantasy & Science Fiction* on *The Man Who Fell to Earth* “A moral tale that has elements of Aldous Huxley's *Brave New World*, *Superman*, and *Star Wars*” —Los Angeles

In each of the eighteen 'chapters' that

make up the work, the external forces of territory, power, circumstance or religion collide with the internal forces of psychological and physical inheritance. The subjects documented by Simon include feuding families in Brazil, victims of genocide in Bosnia, test rabbits infected with a lethal disease in Australia, the first woman to hijack an aircraft, and the living dead in India. Her collection is at once cohesive and arbitrary, mapping the relationships among chance, blood, and other components of fate. *A Living Man Declared Dead and Other Chapters* is divided into eighteen chapters. Each chapter is comprised of three segments: an annotation, a large portrait series depicting bloodline members and a second series containing photographic

evidence. 817 portraits are systematically arranged within their chapters. Simon includes empty portraits, representing living members of a bloodline who could not be photographed. The reasons for these absences are provided in the captions and include imprisonment, military service, dengue fever and women not granted permission to be photographed. Simon's presentation explores the struggle to determine codes and patterns embedded in the narratives she documents. These narratives are recognisable as variants (versions, renderings, adaptations) of historical or future episodes. In contrast to the systematic ordering of a bloodline, the seductive elements of these stories - violence, resilience, corruption and

survival - disorient the work's highly structured appearance. *A Living Man Declared Dead and Other Chapters*, will accompany an exhibition of the same name at Tate Modern, London; Neue Nationalgalerie, Berlin; and Museum of Modern Art, New York. Like the exhibition, the book will also be broken into eighteen chapters. Each chapter will house photographs of the work and extended captions and texts by Simon. Critical essays within the tome are by Geoffrey Batchen and Homi Bhabha. **There is a Bird on Your Head!** Steidl The National Book Award-winning novel about one remarkable young woman who dares to defy fate, perfect for readers who enjoyed *A Long Walk to Water* by Linda Sue Park or *Inside Out and Back Again* by Thanhha Lai. NOW A MAJOR MOTION PICTURE—The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, hailed by The New York Times Book Review as “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature.” For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh

that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Discover untold secrets with this extraordinary memoir of drama and tragedy by Anne Glenconner—a close member of the royal circle and lady-in-waiting to Princess Margaret. Anne Glenconner has been at the center of the royal circle from childhood, when she met and befriended the future Queen Elizabeth II and her sister, the Princess Margaret. Though the firstborn child of the 5th Earl of Leicester, who controlled one of the largest estates in England, as a daughter she was deemed "the greatest disappointment" and unable to inherit. Since then she has needed all her resilience to survive court life with her sense of humor intact. A unique witness to landmark moments in royal history, Maid of Honor at Queen Elizabeth's coronation, and a lady in

waiting to Princess Margaret until her death in 2002, Anne's life has encompassed extraordinary drama and tragedy. In *Lady in Waiting*, she will share many intimate royal stories from her time as Princess Margaret's closest confidante as well as her own battle for survival: her broken-off first engagement on the basis of her "mad blood"; her 54-year marriage to the volatile, unfaithful Colin Tennant, Lord Glenconner, who left his fortune to a former servant; the death in adulthood of two of her sons; a third son she nursed back from a six-month coma following a horrific motorcycle accident. Through it all, Anne has carried on, traveling the world with the royal family, including visiting the White House, and developing the Caribbean island of Mustique as a safe

harbor for the rich and famous-hosting Mick Jagger, David Bowie, Raquel Welch, and many other politicians, aristocrats, and celebrities. With unprecedented insight into the royal family, *Lady in Waiting* is a witty, candid, dramatic, at times heart-breaking personal story capturing life in a golden cage for a woman with no inheritance. Diaries of Girls and Women captures and preserves the diverse lives of forty-seven girls and women who lived in

Minnesota, Iowa, and Wisconsin between 1837 and 1999—young schoolgirls, adolescents coming of age, newlywed wives, mothers grieving the loss of children, teachers, nurses, elderly women, Luxembourger immigrant nuns, and women traveling abroad. A compelling work of living history, it brings together both diaries from historical society archives and diaries still in possession of the diarists or their descendents. Editor Suzanne L. Bunkers has selected these excerpts from more than 450 diaries she examined. Some diaries were kept only briefly, others through an entire lifetime; some diaries are the intensely private record of a life, others tell the story of an entire family and were meant to be saved and appreciated by future generations. By

approaching diaries as historical documents, therapeutic tools, and a form of literature, Bunkers offers readers insight into the self-images of girls and women, the dynamics of families and communities, and the kinds of contributions that girls and women have made, past and present. As a representation of the girls and women of varied historical eras, locales, races, and economic circumstances who settled and populated the Midwest, *Diaries of Girls and Women* adds texture and pattern to the fabric of American history.
