First published in Rome in 1535,Leone Ebreo's Dialogues of Love is one of the most important texts of the European Renaissance. Well known in the Italian academies of the sixteenth century, its popularity quickly spread throughout Europe, with numerous reprintings and translations into French, Latin Spanish, and Hebrew. It attracted a diverse audience that included noblemen, courtesans, artists, poets, intellectuals, and philosophers. More than just a bestseller, the work exerted a deep influence over the centuries on figures as diverse as Giordano Bruno, John Donne, Miguelde Cervantes, and Baruch Spinoza. Leone's Dialogues consists of three conversations - 'On Love and Desire,' 'On the Universality of Love,' and 'Onthe Origin of Love' - that take place over a period of three subsequent days.They are organized in a dialogic format, much like a theatrical representation, of a conversation between a man, Philo, who plays the role of the lover andteacher, and a woman, Sophia, the beloved and pupil. The discussion covers a wide range of topics that have as their common denominator the idea of Love. Through the dialogue, the author explores many different points of view and complex philosophical ideas. Grounded in a distinctly Jewish tradition, and drawing on Neoplatonic philosophical structures and Arabic sources, the work offers a useful compendium of classical and contemporary thought, yet was not incompatible with Christian doctrine. Despite the unfinished state and somewhat controversial, enigmatic nature of Ebreo's famous text, it remains one of the most significant and influential works in the history of Western thought. This new, expertly translated and annotated English edition takes into account the latest scholarship and provides aninvaluable resource for today's readers.

The editors and contributors to Color of Violence ask: What would it take to end violence against women of color? Presenting the fierce and vital writing of organizers, lawyers, scholars, poets, and policy makers, Color of Violence radically repositions the antiviolence movement by putting women of color at its center. The contributors shift the focus from domestic violence and sexual assault and map innovative strategies of movement building and resistance used by women of color around the world. The volume's thirty pieces—which include poems, short essays, position papers, letters, and personal reflections—cover violence against women of color in its myriad forms, manifestations, and settings, while identifying the links between gender, militarism, reproductive and economic violence, prisons and policing, colonialism, and war. At a time of heightened state surveillance and repression of people of color, Color of Violence is an essential intervention. Contributors. For the first time ever, and amidst the backdrop of Bolsonaro's emboldened far-right regime, Brazil's legendary and pioneering queer writers appear together in English translation. This far-reaching, bilingual assortment of fiction, poetry, nonfiction, and photography--erotic and personal, revolutionary, hopeful, joyous, and bitter--fiercely upholds the ongoing legacy of queer expression in Brazil and anticipates, even demands, its prolific, if tenuous, future. In fresh and poetic prose, Raimundo Neto brings us lesser-known narratives of queer life in rural Brazil, including the story of a boy determined to become the "harvest bride" at a the local annual harvest festival. Poet Angélica Freitas details a disturbingly familiar world in which women are divided into rigid binaries--clean or dirty, good or bad--with stark language that builds into utter absurdity. And Caio Fernando Abreu sits in a hospital dying of AIDS, meeting with angels and writing letters in which he repeats "all I can do is write" like a mantra. Spanning four decades, and featuring a total of thirteen writers, *Cuíer: Queer Brazil* is a revelation in anything-but-plain sight.

This book is the first that describes the practices of any stock exchange; it makes evident a high development of practices, with puts, calls, pools, and manipulations; and it appeared as early as the seventeenth century. Not inappropriately the stock exchange described is that of Amsterdam, a city which at the date of the volume's publication —1688 — was still the leading financial center of the world. The book, to be sure, is hardly a systematic account of the institution; the author pursued moral, philosophical, and rhetorical objectives, and, while saying a lot that seems now to be of little value, manages somehow to leave unsaid a great deal that would be of interest for us. Nevertheless, it represents, even in its peculiar form, a really important source of information about the stock exchange, and indeed about the Dutch business world of that period.

History of the Incas Publicacions de la Universitat Jaume I

In this distinguished contribution to Latin American colonial history, Douglas Cope draws upon a wide variety of sources—including Inquisition and court cases, notarial records and parish registers—to challenge the traditional view of castas (members of the caste system created by Spanish overlords) as rootless, alienated, and dominated by a desire to improve their racial status. On the contrary, the castas, Cope shows, were neither passive nor ruled by feelings of racial inferiority; indeed, they often modified or even rejected elite racial ideology. Castas also sought ways to manipulate their social "superiors" through astute use of the legal system. Cope shows that social control by the Spaniards rested less on institutions than on patron-client networks linking individual patricians and plebeians, which enabled the elite class to co-opt the more successful castas. The book concludes with the most thorough account yet published of the Mexico City riot of 1692. This account illuminates both the shortcomings and strengths of the patron-client system. Spurred by a corn shortage and subsequent famine, a plebeian mob laid waste much of the central city. Cope demonstrates that the political situation was not substantially altered, however; the patronage system continued to control employment and plebeians were largely left to bargain and adapt, as before. A revealing look at the economic lives of the urban poor in the colonial era, *The Limits of Racial Domination* examines a period in which critical social changes were occurring. The book should interest historians and ethnohistorians alike.

Imprisoned by the Romanian Communists for his work in the Christian Underground, and subjected to medieval torture, Wurmbrand kept his faith and strengthened it. For fourteen years, he shared that faith with suffering cellmates and gave them solace. In solitary confinement, he tapped out his message of hope and Christian love. In Room Four, the "death room", he helped dying patients even though his lungs were riddled with tuberculosis and his body lacerated and bloody from whips and kicks. Anguished over the fate of his wife and son, he could still tell jokes and stories to make despairing prisoners laugh. Sorely tempted by the promise of release and reprieve, he refused to become a Communist collaborator. And the miracle is that he survived. With humble gratitude to God and Christ, he tells his personal story. It's an inspiring drama of triumphant faith.

Cecilia Valdés is arguably the most important novel of 19th century Cuba. Originally published in New York City in 1882, Cirilo Villaverde's novel has fascinated readers inside and outside Cuba since the late 19th century. In this new English translation, a vast landscape emerges of the moral, political, and sexual depravity caused by slavery and colonialism. Set in the Havana of the 1830s, the novel introduces us to Cecilia, a beautiful light-skinned mulatta, who is being pursued by the son of a Spanish slave trader, named Leonardo. Unbeknownst to the two, they are the children of the same father. Eventually Cecilia gives in to Leonardo's advances; she becomes pregnant and gives birth to a baby girl. When Leonardo, who gets bored with Cecilia after a while, agrees to marry a white upper class woman, Cecilia vows revenge. A mulatto friend and suitor of hers kills Leonardo, and Cecilia is thrown into prison as an accessory to the crime. For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean. There are the elite social circles of European and New World Whites, the rich culture of the free people of color, the class to which Cecilia herself belonged, and then the slaves, divided among themselves between those who were born in Africa and those who were born in the New World, and those who worked on the sugar plantation and those who worked in the households of the rich people in Havana. Cecilia Valdés thus presents a vast portrait of sexual, social, and racial oppression, and the lived experience of Spanish colonialism in Cuba.
