## ELAINA FELIPE

Ever the Winds of Chance e-artnow Best known today as the author of "The Red Badge of Courage."  
The Navy as a Special Field for Medical Work Houghton Mifflin Harcourt Joan Schenkar, widely regarded as America's most original female contemporary playwright, is the author of numerous experimental plays which she refers to as "comedies of menace." Bristling with wit and intelligence, the collection features Signs of Life, Cabin Fever, The Universal Wolf, Burning Desires, The Last of Hitler, and Fulfilling Koch's Postulate. These plays explore issues of feminism and gender politics, history and memory, sexuality and violence, bringing to life such figures as Gertrude Stein and Marlene Dietrich, Hitler and Eva Braun, P. T. Barnum and Henry and Alice James, Claude Levi-Strauss and Roland Barthes. Schenkar's charged language and evocative stage directions invite the reader to become both performer and audience, and the experience is enhanced both by richly evocative stage directions and illustrations from productions of the

plays. Initially written to be read like novels as well as staged, the plays provide a unique theatrical experience, an experience that can only be accessed by laughter.

How does anyone come to realize the full potential of his or her life? Childhood is long and confusing and accompanied by few tools with which to accurately measure certainty. For some the process is revealed early on, for others life simply unfolds and recognition comes later. There is no one, universal answer, but with time and patience and a developing sense of self-acceptance, the segments of life's uncertainties can be knitted together into fulfilling whole.

Patty got up to peer into the refrigerator.  
 “Honey, don’t look so guilty,” she said.

“Men are like horses. If they’re even-  
 tempered and sweet, you stay on for the  
 ride. If they buck and run around, you  
 get off before you get hurt.” She  
 slammed the refrigerator door. “Damn,  
 we’re out of cake.” --from *Horseplay: A  
 Novel* A debut novel full of sparkle and  
 wit, *Horseplay* is a story of the animals  
 that touch our hearts... and the men who  
 try our souls. When Judy Van Brunt  
 finally decides to leave her cheating  
 husband, she makes immediate plans to  
 quit her teaching job, take the money  
 she inherited from her mother, and run  
 off, leaving a note on her husband's  
 pillow. There is only one problem: Where  
 is she going? During her weekly riding  
 lesson, her instructor makes a  
 suggestion just crazy enough to  
 work—and before she knows it, Judy has  
 a position as a groom at an exclusive  
 North Carolina horse farm. There, she  
 shares an apartment with three  
 remarkable women who also work at the  
 farm, and she puts in long hours caring  
 for the horses in addition to learning the  
 demanding sport of dressage from the  
 farm’s owner, a former Olympic  
 champion. Exhausted but fulfilled, she  
 learns for herself that a horse in the barn  
 is worth far more than a husband at  
 home. Her housemates gladly  
 supplement her education with lessons  
 not found in the riding ring, such as how  
 to avoid the farm’s snottier patrons and  
 weed out unsavory suitors. Her devotion  
 to horses is far more rewarding than her  
 marriage ever was—after all, horses  
 never lie or cheat, and even the most  
 hot-blooded stallion won't kick her when  
 she's down. Nevertheless, her new life  
 doesn't keep her away from men  
 entirely. She finds her early vow of  
 chastity and cheeseburgers weakening  
 as she is drawn to one especially eligible  
 bachelor. But after a few escapades with

studs of the two-legged variety, is she really ready to be with someone? Set against the alternately glamorous and grimy world of competitive horse shows, Horseplay is a jubilant ride.

Now published for the first time, *Ever the Winds of Chance* is Sandburg's evocative sequel to *Always the Young Strangers* (1953), "the best autobiography ever written by an American" (Robert E. Sherwood, *New York Times*). Though left unfinished at his death, the sequel provides a wry, nostalgic chronicle of Sandburg's college years and early adulthood, a restless decade for a young man still in quest of his calling. *Ever the Winds of Chance* opens in 1898 when the twenty-year-old Sandburg, recently returned from the Spanish-American war, enrolls at Lombard College in his native Galesburg, Illinois. Sandburg writes about his job at the fire station; his teachers, inspired or otherwise; his classmates and their camaraderie; his observations on great literary works and

writers; and his own writings for the school newspaper, literary review, and yearbook and for the Galesburg Mail. But he also includes much about life between school years and after college, recounting his various brief careers as a fireman, salesman of stereoscopic views, advertising copywriter, vagabond, "jailbird," and budding poet and socialist. Together these reminiscences provide an intimate look at the formative years of a preeminent figure in American letters.

Although epigraphy is now a thriving subject the epigraphy of their inscriptions has been neglected. Funari provides an introductory discussion of epigraphy, a catalogue of stamps found in England with an economic analysis and chronological study. He also includes a large corpus of epigraphic material found in Britain - 260 instances of painted inscriptions, graffiti and stamps. Funari's thesis makes this useful class of evidence more available to non-

specialist scholars.
