A U.S.-Canada Medical-Dental-Pharmacy Organization-Hospital Website Guide Lulu Press, Inc

This is a book for people in the academic or business aspects of the medical industry, medical professionals doing research or looking for a job, medical students, patients and anyone else interested in the United States and Canada infrastructure of medical organization and hospital websites. I focused on American, Canadian and some UK medical organizations and hospitals in this book which made it good-sized already without dipping into my world medical book which offers medical resources for most countries. I created an American medical job book and a general American medical book which were both quite long so I took information about medical organizations and hospitals out of them and created a separate book. As far as information about American-Canadian medical organization and hospital websites go, there is no book or database anywhere that comes close to this one. It's for the medical professional who wants this information at their fingertips all in one place. I got a bunch of medical organization and hospital websites from a website called theagapecenter.com then it disappeared. A German outfit has taken the name over. The original website probably exists at archive.org. Dmoz.org was a human-filtered search site with good lists. It disappeared but is archived at dmoz-odp.org. It had a lot of good information on it. Beyond that, I put the lists of medical organizations and hospitals that I found all over the place in this book. I'm not repeating information in this book that is already in my other books. Find job websites and organizations for most medical careers at my book called: A Medical-Dental-Pharmacy Job-School-Organization Guide The 100 volumes of this book are as follows: Volume 1. Find a Doctor-Hospital-Clinic-Healer Guide Volume 2. Find a Dentist Guide Volume 3. An Online Health Care Resource Guide at healthcarehiring Volume 4. U.S. State and Federal Medical Boards and Agencies at healthcarehiring Volume 5. U.S. Medical Professional Associations and Government Medical Boards and Agencies at healthcarehiring Volume 6.
