When darkness closes in—he's your last, best hope. Evan Smoak returns in Gregg Hurwitz's #1 international bestselling Orphan X series in Out of the Dark. Taken from a group home at age twelve, Evan Smoak was raised

and trained as part of the Orphan Program, an off-the-books operation designed to create deniable intelligence assets—i.e. assassins. Evan was Orphan X. He broke with the Program, using everything he learned to disappear and reinvent himself as the Nowhere Man, a man who helps the truly desperate when no one else can. But now Evan's past is catching up to him. Someone

at the very highest level of government has been trying to eliminate every trace of the Orphan Program by killing all the remaining Orphans and their trainers. After Evan's mentor and the only father he ever knew was killed, he decided to strike back. His target is the man who started the Program and who is now the most heavily guarded person in the world: the President of the United

States. But President Bennett knows that Orphan X is after him and, using weapons of his own, he's decided to counter-attack. Bennett activates the one man who has the skills and experience to track down and take out Orphan X—the first recruit of the Program, Orphan A. With Evan devoting all his skills, resources, and intelligence to find a way through the layers of

security that surround the President, suddenly he also has to protect himself against the deadliest of opponents. It's Orphan vs. Orphan with the future of the country—even the world—on the line. the promise of a family—the game master exposes the truth and Claire’s world once again unravels. With old convictions wavering and past transgressions coming to light, the cards have changed and luck is not in the deck for Claire and Tony. Abandon all assumptions. Lost in a constant nightmare, who will save Claire from her past? From herself? Everyone has a hand to

play, and now they’re playing for keeps. Everything known to be true is questioned. Motives are explained. The past is once again unearthed, and this time, secrets lurk between dreams and reality, between the past and the present. The clock is ticking. Time is running out on Claire...on Tony...on their happy ever after. When the final cards are played, will their unconventional

I love trump the opposition? In the end, some will discover their bets were too high, and all will learn the most crucial lesson—there are always consequences for the truth. perfect for fans of The Handmaid's Tale and Latinx authors Zoraida Córdova and Anna-Marie McLemore, society wife-in-training Dani has a great awakening after being recruited by rebel spies and falling for her biggest rival. At the Medio School for Girls, distinguished young women are trained for one of two roles in their polarized society. Depending on her specialization,

a graduate will one day run a husband's household or raise his children. Both paths promise a life of comfort and luxury, far from the frequent political uprisings of the lower class. Daniela Vargas is the school's top student, but her pedigree is a lie. She must keep the truth hidden or be sent back to the fringes of society. And school couldn't prepare her for the difficult choices she

must make after graduation, especially when she is asked to spy for a resistance group desperately fighting to bring equality to Medio. Will Dani cling to the privilege her parents fought to win for her, or will she give up everything she's strived for in pursuit of a free Medio—and a chance at a forbidden love?

BOOK 3 OF THE DARK

DUET I'm writing this because you begged. You know how I love the begging. In fact, you probably know too many things and know them far too well. Who am I? Well, that's what I'm trying to figure out. I was a whore in my youth, a killer since my adolescence, and a monster as a man. I am the man who kidnapped Livvie. I am the man who held her in a dark room for weeks. But, most importantly, I

am the man she loves. She loves me. It's quite sick, isn't it? Of course, there's more to our story than can be surmised in a few short sentences, but I'm at a loss for justifying my behavior back then. I assume if you're reading this, I don't need to make those justifications. You've already made your own. You're reading this because you want to know about the rest of the story. You want to know

what happened that warm summer night in September of 2010, the night I met Livvie at The Paseo. It was the night my life changed all over again. It didn't happen exactly as Livvie said. She's been very kind to me in the retelling of our story. The truth is far more...complicated. Seduced by the Wolf Penguin THE MILLION COPY INTERNATIONAL BESTSELLER

Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are

usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people

who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Seduced into Darkness: Transcending My Psychiatrist's Sexual Abuse is a vivid and captivating

story of hope for survivors of abuse as well as a case study in a skilled manipulator's tragic exploitation of his professional power. This poignant memoir chronicles the traumatic psychological abduction and sexual exploitation of depressed college student Carrie Tansey at the hands of her psychiatrist, Dr. Anthony Romano—thirty-one years her senior. For three years, their secret

“affair” was carefully calculated and controlled by Romano, as Carrie's mental and emotional health continued to deteriorate, bringing her closer and closer to the edge. Their dual-relationship finally came to light when Carrie's suicide attempts landed her in a world-renowned psychiatric hospital. Gradually, she began to reclaim her power, reported

Romano to the state licensing board, successfully sued him for malpractice, and testified before the state legislature to bring awareness to such abuses. As Carrie tells her tale, it is a journey paralleling that of the mythical archetype Persephone, the naive innocent who was abducted into darkness, reemerged and regenerated herself, then fearlessly returned to the prison she

had fled, this time to help free others. Today, Carrie Ishee is a widely respected art therapist and life coach as well as a teacher specializing in the issues of ethics, self-care, and boundaries for mental health professionals. **Seduced in the dark** Macmillan Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which.

Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed

book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be

an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of

history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.
