For lovers of Alexander McCall Smith, Nicholas Drayson introduces the charming Mr Malik and the East African Ornithological Society

in A Guide to the Birds of East Africa.

Reserved, honourable Mr Malik. You wouldn't notice him in a Nairobi street - except, perhaps, to comment on his carefully sculpted comb-over - but beneath his unprepossessing exterior lie a warm heart and a secret passion. Not even his closest friends know it, but Mr Malik is head-over-heels in love with the leader of the local Tuesday-morning bird walk, Rose Mbikwa. Little can he imagine the hurdles that lie before him. Even as he plucks up the courage to ask for Rose's hand, thieves, potential kidnappers and corrupt officials, not to mention one particularly determined love rival, seem destined to thwart Mr Malik's

chances. Will an Indian gentleman in the heart of Africa be defeated by the many obstacles that stand between him and his heart's desire? Or will honour and decency prevail? 'A funny, ingenious and touching love story' Joanne Harris, The Times 'A delightful comedy... It invites comparison to The No.1 Ladies' Detective Agency books, but it's original and, if anything, has more depth' Daily Mail 'Sweet, charming and utterly wonderful on the subject of birds' Metro Nicholas Drayson was born in England and has lived in Australia since 1982, where he studied zoology and a PhD in 19th century Australian natural history writing. He has worked as a journalist in the UK,

Kenya and Australia, writing for publications such as the Daily Telegraph and Australian Geographic. He is the author of three other novels, Confessing a Murder, Love and the Platypus and A Guide to the Beasts of East Africa. Citroën Xsara Picasso Service and Repair Manual Autos and Progress reinterprets twentieth-century Brazilian history through automobiles, using them as a window for understanding the nation's struggle for modernity in the face of its massive geographical size, weak central government, and dependence on agricultural exports. Among the topics Wolfe touches upon are the first sports cars

and elite consumerism; intellectuals' embrace of cars as the key for transformation and unification of Brazil; Henry Ford's building of a company town in the Brazilian jungle; the creation of a transportation infrastructure; democratization and consumer culture; auto workers and their creation of a national political party; and the economic and environmental impact of autos on Brazil. This focus on Brazilians' fascination with automobiles and their reliance on auto production and consumption as keys to

their economic and social transformation, explains how Brazil-- which enshrined its belief in science and technology in its national slogan of Order and Progress-- has differentiated itself from other Latin American nations. *Autos and Progress* engages key issues in Brazil around the meaning and role of race in society and also addresses several classic debates in Brazilian studies about the nature of Brazil's great size and diversity and how they shaped state-making. *A Guide to the Birds of East Africa*
