The image, status and function of queens and empresses, regnant and consort, in kingdoms stretching from England to Jerusalem in the European middle ages. Did queens exercise real or counterfeit power? Did the promotion of the cult of the Virgin enhance or restrict their sphere of action? Is it time to revise the early feminist view of women as victims? Important papers on Emma of England, Margaret of Scotland, coronation and burial ritual, Byzantine empresses and Scandinavian queens, among others, clearly indicate that a reassessment of the role of women in the world of medieval dynastic politics is under way. Contributors: JANOS BAK, GEORGE CONKLIN, PAUL CROSSLEY, VOLKER HONEMANN, STEINAR IMSEN, LIZ JAMES, KURT-ULRICH JASCHKE, SARAH LAMBERT, JANET L. NELSON, JOHN C. PARSONS, KAREN PRATT, DION SMYTHE, PAULINE STAFFORD, MARY STROLL, VALERIE WALL, ELIZABETH WARD, DIANA WEBB.

There he dwelt for twelve summers and more, studying with many mighty mages, learning to feel magic and know how it could be bent and directed to his will . . . . It is recorded that when the Mythal was laid, and Cormanthor became Myth Drannor, Elminster was among those who devised and spun that mighty magic.

Linking astrology with the seven rays enables people to recognise their own deepest qualities. According to the ageless wisdom, the seven rays are cosmic streams of energy that pervade all life on earth. Astrology and the Seven Rays introduces the psychological application of the rays, giving insights that could not otherwise be obtained from the astrological chart. Bruno Huber discovered a new method that can be used by both specialist and layman to determine the rays in the

individual horoscope. This enables you to find your own personal ray combination, and those of others. Astrology and the Seven Rays opens up a new approach to esoteric psychology and esoteric astrology, and provides insight into the process of spiritual development. Bruno and Louise Huber have taught a new dynamic direction of astrology for over thirty years, reflected in their series of eight books on astrological psychology. Their work was grounded in the esoteric teaching of Alice Bailey and in the psychosynthesis of Roberto Assagioli. They are founders of the internationally known Swiss school of astrological psychology in Zurich. The text is an edited transcript of an inspirational seminar given by the Hubers in England in 1998, supplemented with some new material. It represents the fruit of a lifelong dedication to the synthesis of spiritual, psychological and astrological understanding. A ground breaking work for the new age.

*Erbe und Auftrag* Forgotten Realms Novel: Hunter

Following the best-selling *Everybody's Fool*, a new collection of short fiction that demonstrates that Richard Russo--winner of the Pulitzer Prize for *Empire Falls*--is also a master of this genre. Russo's characters in these four expansive stories bear little similarity to the blue-collar citizens we're familiar with from many of his novels. In "Horseman," a professor confronts a young plagiarist as well as her own weaknesses as the Thanksgiving holiday looms closer and closer: "And after that, who knew?" In "Intervention," a realtor facing an ominous medical prognosis finds himself in his father's shadow while he presses forward--or not. In "Voice," a semiretired academic is conned by his increasingly estranged brother into coming along on a group tour of the Venice Biennale, fleeing a mortifying incident with a traumatized student back in Massachusetts but encountering further complications in the maze of Venice. And in "Milton and Marcus," a lapsed novelist struggles with his wife's illness and tries to rekindle his screenwriting career, only to be stymied by the pratfalls of that trade when he's called to an aging, iconic star's mountaintop retreat in Wyoming.
