### **ROBERSON JOHANNA**

The Jolly Pilgrim Houghton Mifflin

Side Stepping Shrapnel is set between 1907 and 1921 with an array of characters led by William 'Pummy' Mantle who lived in the New South Wales country town of Lithgow. It is a story of working class men and women who transition from Rugby Union to Rugby League in an industrialised town. A story often overlooked in the history of Rugby League. Pummy Mantle's journey from renegade footballer to soldier and its impact on his life is the central story. The Lithgow Diggers Rugby League team that emerged after the War is symbolic of the rise of the game in the post war period and is the climax of the early formative years. The book also delves into the lives of each player, trainer and manager of the Diggers Rugby League team.

Most Americans saw President Bill Clinton and Speaker Newt Gingrich as staunch foes—"the polar extremes of Pennsylvania Avenue." But as Steven Gillon reveals in *The Pact*, these powerful adversaries formed a secret alliance in 1997, a pact that would have rocked the political landscape, had it not foundered in the wake of the Lewinsky scandal. A fascinating look at politics American-style, *The Pact* offers a riveting account of two of America's most charismatic and influential leaders, detailing both their differences and their striking similarities, and highlighting the profound and lasting impact the tumultuous 1960s had on both their personal and political lives. With the cooperation of both President Clinton and Speaker Gingrich, interviews with key players who have never before spoken about their experiences, along with unprecedented access to Gingrich's private papers, Gillon not only offers a behind-the-scenes look at the budget impasse and the government shutdown in 1995--the famous face-off between Clinton and Gingrich--but he also reveals how the two moved closer together after 1996--closer than anyone knew. In particular, the book illuminates their secret efforts to abandon the liberal and conservative wings of their own parties and strike a bi-partisan deal to reform the "third rail of American politics"--Social Security and Medicare. That potentially groundbreaking effort was swept away by the highly charged reaction to the Lewinsky affair, ending an initiative that might have transformed millions of American lives. Packed with compelling new revelations about two of the most powerful and intriguing figures of our time, this book will be must reading for everyone interested in politics or current events.

*Breach Of Trust* Simon and Schuster

"Onward: Contemporary Poetry and Poetics" is an anthology of statements on poetics by twenty contemporary North American poets, along with selections from their poetry. The poets collected here represent the forefront of engaged, experimental poetic practice and their statements vary from the extended essay form to collage assemblages of various prose and poetically charged forms. These explorations of poetics lead to intersections of thought and practice, both among themselves, and with other recently published poetry anthologies.

*Modern Poetic Practice* Oxford University Press

NEW YORK TIMES BESTSELLER • "The most comprehensive and detailed account of the Trump presidency yet published."—The Washington Post • A Best Book of the Year: The New Yorker and Financial Times "A sumptuous feast of astonishing tales...The more one reads, the more one wishes to read."—NPR.com The inside story of the four years when Donald Trump went to war with

Washington, from the chaotic beginning to the violent finale, told by revered journalists Peter Baker of The New York Times and Susan Glasser of The New Yorker—an ambitious and lasting history of the full Trump presidency that also contains dozens of exclusive scoops and stories from behind the scenes in the White House, from the absurd to the deadly serious. The bestselling authors of *The Man Who Ran Washington* argue that Trump was not just lurching from one controversy to another; he was learning to be more like the foreign autocrats he admired. The Divider brings us into the Oval Office for countless scenes both tense and comical, revealing how close we got to nuclear war with North Korea, which cabinet members had a resignation pact, whether Trump asked Japan's prime minister to nominate him for a Nobel Prize and much more. The book also explores the moral choices confronting those around Trump—how they justified working for a man they considered unfit for office, and where they drew their lines. The Divider is based on unprecedented access to key players, from President Trump himself to cabinet officers, military generals, close advisers, Trump family members, congressional leaders, foreign officials and others, some of whom have never told their story until now.

*Impeachment* HarperThorsons

The Washington Post reporter who first broke the Monica Lewinsky story offers his own perspective on the ensuing scandal, impeachment, and media coverage. 125,000 first printing.

**Onward** Cornell University Press

The journalist who co-wrote the original article breaking the Monica Lewinsky scandal for the Washington Post reveals the complete story behind the headlines: a riveting, in-depth account of an event unique in American history -- the first impeachment of an elected president. "For all of the titillation about thongs and cigars, the story of the impeachment and trial of William Jefferson Clinton was not so much about sex as it was about power. It may have started with an unseemly rendezvous near the Oval Office, but it mushroomed into the Washington battle of a generation, ultimately dragging in all three branches of government.... "Clinton opened his second term vowing to bring the parties together, to become the 'repairer of the breach.' But the last half of the presidency demonstrated that the breach was wider than anyone had anticipated." -- from the Prologue With unprecedented access to all the players -- major and minor -- Washington Post reporter Peter Baker reconstructs the compelling drama that gripped the nation for six critical months: the impeachment and trial of William Jefferson Clinton. The Breach vividly depicts the mind-boggling political and legal events as they unfolded, a day-by-day and sometimes hour-by-hour account beginning August 17, 1998, the night of the president's grand-jury testimony and his disastrous speech to the nation, through the House impeachment hearings and the Senate trial, ending on February 12, 1999, the day of his acquittal. Using 350 original interviews, confidential investigation files, diaries, and tape recordings, Baker goes behind the scenes and packs the book with newsworthy revelations -- the infighting among the president's advisers, the pressure among Democrats to call for Clinton's resignation, the secret back-channel negotiations between the White House and Congress, a tour of the War Room set up by Tom DeLay to force Clinton out of office, the agonizing of various members of Congress, the anxiety of lawmakers who feared the exposure of their own sex lives, and Hillary Clinton's learning that her husband would admit his affair with Monica Lewinsky. The Breach is contemporary history at its best -- shocking, revealing, and consequential. It is a tale of how Washington became lost in "the breach" of its own partisan impulses. All of this, and much more, makes *The Breach* one of the most important and illuminating volumes of history and contemporary politics of our generation.

*May Day* University Press of Florida

A New York Times Top 10 Best Book of the Year A Washington Post Notable Book Theirs was the most captivating American political partnership since Richard Nixon and Henry Kissinger: a bold

and untested president and his seasoned, relentless vice president. Confronted by one crisis after another, they struggled to protect the country, remake the world, and define their own relationship along the way. The real story of George W. Bush and Dick Cheney is far more fascinating than the familiar suspicion that Cheney was the power behind the throne. Drawing on hundreds of interviews with key players, and thousands of pages of private notes, memos, and other internal documents, Baker paints a riveting portrait of a partnership that evolved dramatically over time, during an era marked by devastating terror attacks, the Iraq War, Hurricane Katrina, and financial collapse. Peter Baker has produced a monumental and definitive work that ranks with the best of presidential histories.

**The Complete Contest Prep Guide (Female Cover)** Peter Lang Gmbh, Internationaler Verlag Der Wissenschaften

"Impeaching the President is lucid, balanced, and deeply informed. Anyone in search of a reasoned guide to the unreason of our current situation should read it."—Elizabeth Kolbert, Pulitzer Prize-winning author of *The Sixth Extinction* "Ousting a president is a complicated and uncertain endeavor, according to this perceptive study of impeachments. ... [This book] shrewdly assesses the impeachability of President Trump based on his alleged offenses. ... Hirsch's lucid prose and careful analysis make the book a fine corrective to cavalier popular rhetoric surrounding discussions of impeachment."—Publishers Weekly "A masterpiece for the masses."—Ralph Nader "Amid the partisan passion, an illuminating primer of analysis and context lowers the temperature on this hot-button issue. . . . A cogent analysis that builds a common-sense case for proceeding with caution and against using impeachment as a partisan weapon."—Kirkus Reviews "The reader gets a hearty mix of American history, political intrigue, and constitutional law, all adhered with Hirsch's amazing writing. He captures the political chaos surrounding each prior case, yanking the reader out of our present exceptionalism to see the evolution of impeachment with the proper context and clarity. Can't recommend it enough."—Travis Cohen, Brookline Booksmith, MA "In an era when the notion of impeachment is tossed around as the ultimate political indictment, Alan Hirsch guides us with a steady hand through our own history to consider the three presidents who faced that ultimate punishment. This is a sober, precise, and carefully argued analysis that should be read by every member of Congress—and every president."—David K. Shipler, former reporter for the New York Times and Pulitzer Prize recipient "Alan Hirsch brings clarity, wisdom, and wit to a contentious and critical subject. Impeaching the President is must reading for all concerned citizens."—Howard Shapiro, former FBI General Counsel "Incredibly readable, well-researched, analytically sound and important."—Alan B. Morrison, Associate Dean for Public Interest & Public Service at the George Washington Law School Donald J. Trump is only the third president in U.S. history to be impeached. Constitutional scholar Alan Hirsch offers clear and to-the-point guidance for all matters relating to removing a sitting president, including: the Founders' vision for checking presidential power; the impeachment stories of presidents Andrew Johnson, Richard Nixon, and Bill Clinton; wrongdoing in the Trump administration; and the availability of the 25th Amendment and presidential self-pardon. Illustrated throughout with historical engravings, photographs, and other impeachment documentation, this concise, timely, and accessible analysis offers an invaluable perspective on how the Constitution provides stability during times of political upheaval.

**Impeaching Clinton** Springer

This title covers the itinerary, the countries and their peoples, clothing, communications, equipment, cleaning and catering, the 4X4 itself, navigation, health and medicine, and documentation.

*Days of Fire* Peter Lang Gmbh, Internationaler Verlag Der Wissenschaften

Working from a broad knowledge of modern poetry, Baker proposes an original interpretation of

the long poem based on the notion of exteriority. Readers of the 20th-century long poem must discard the traditional idea of a lyric speaker, or Romantic I, he argues. Modern and postmodern poetry turns outward, toward the experience of others, and deliberately de-emphasizes an inner or personal life.

**Co-ordinating Drugs Services** Potomac Books

Analysis of the impeachment and portrayal of the partisan and ideologically polarized state of American politics at the turn of the century. Argues that the battle was not over Clinton but over control of the policy agenda. [back cover].

**Earth's Call** Struik Publishers

This new text provides comprehensive coverage of the core elements of economic policy, from both microeconomic and macroeconomic approaches, which are compulsory for students on most economic courses.

**Faking It** Hothive Books

A vivid political history of the schemes, plots, maneuvers, and conspiracies that have attempted -- successfully and not -- to remove unwanted presidents To limit executive power, the founding fathers created fixed presidential terms of four years, giving voters regular opportunities to remove their leaders. Even so, Americans have often resorted to more dramatic paths to disempower the chief executive. The American presidency has seen it all, from rejecting a sitting president's renomination bid and undermining their authority in office to the more drastic methods of impeachment, and, most brutal of all, assassination. How to Get Rid of a President showcases

the political dark arts in action: a stew of election dramas, national tragedies, and presidential departures mixed with party intrigue, personal betrayal, and backroom shenanigans. This briskly paced, darkly humorous voyage proves that while the pomp and circumstance of presidential elections might draw more attention, the way that presidents are removed teaches us much more about our political order.

**Obdurate Brilliance** PublicAffairs

BEST BOOK OF THE YEAR: The New York Times • The Washington Post • Fortune • Bloomberg  
From two of America's most revered political journalists comes the definitive biography of legendary White House chief of staff and secretary of state James A. Baker III: the man who ran Washington when Washington ran the world. For a quarter century, from the end of Watergate to the aftermath of the Cold War, no Republican won the presidency or ran the White House without the advice of James Addison Baker III. A scion of Texas aristocracy who became George H. W. Bush's tennis partner, Baker had never worked in Washington until a devastating family tragedy struck when he was thirty-nine. Within a few years, he was leading Gerald Ford's campaign and would go on to manage a total of five presidential races and win a sixth for George W. Bush in a Florida recount. He ran Ronald Reagan's White House and became the most consequential secretary of state since Henry Kissinger. Ruthlessly partisan during campaign season, Baker became an indispensable dealmaker after the election. He negotiated with Democrats at home and Soviets abroad, rewrote the tax code, assembled the coalition that won the Gulf War, brokered the reunification of Germany, and helped bring a decades-long nuclear superpower standoff to an end. Brilliantly crafted by Peter Baker of The New York Times and Susan Glasser of The New Yorker, The

Man Who Ran Washington is a page-turning study in the acquisition, exercise, and preservation of power in late twentieth-century America and the story of Washington when Washington ran the world. Their masterly biography is necessary reading and destined to become a classic.
