*English Brushup* McGraw-Hill Humanities/Social Sciences/Languages College Writing Skills with Readings, Third Canadian Edition will help students master the traditional five-paragraph essay and variations on this essay structure. It is a very practical book with a number of special features to aid instructors and their students. Four principles are presented as keys to effective writing -- unity, support, coherence, and effective sentence skills. Activities and assignments are numerous and varied; nearly two hundred activities and tests are included. The emphasis on

logic and the pursuit of ideas and explanations in a sequential manner starts in the first chapter. Students are introduced to the two principles that are the bases of clear thinking and writing: making a point and providing support to back up that point. Each section of the book deals with a distinct aspect of writing. Instructors can therefore turn quickly and easily to the skills they want to present.

*Ten Steps to Improving College Reading Skills* McGraw-Hill Humanities, Social Sciences & World Languages John Langan's English Essentials offers guidance through the grammar, punctuation, and usage skills needed for success in college and beyond. In short, English Essentials is an efficient,

accessible, and helpful guide to mastering practical English skills. The book is divided into four parts -- Part One covers fifteen basic skills; Part Two offers more in-depth information about those and other skills; Part Three presents the essential skills of proofreading, and Part Four covers spelling improvement and dictionary use. This student-friendly organization and structure makes the book easy to navigate and a flexible guide. Each section provides essential instructions followed by ample activities to encourage learning in the best possible way: by doing.

English Essentials Diversion Books Clear Thinking and Writing will do exactly what its title says--help students focus their thinking and improve their writing. Students will learn that the most

important things to do as a thinker and writer are to: 1) Make a clear point, and 2) Provide solid support for the point. Too many writing books lose sight of the forest for the trees. Clear Thinking and Writing presents in a nutshell what students need to do to become better thinkers and writers: make a point and then support it with appropriate, well-organized specific evidence. It gets to the heart of the matter and presents clear thinking and writing as skills that students can learn--Publisher's description.

### **English Essentials** R. R. Bowker

This reference handbook surveys research on the central issue associated with the teaching of unprepared writers. Though basic writing has only been recognized as a distinct area of teaching and research since 1975, the existing bibliographic texts

already seem limited due to their age or lack of annotation. This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers. Following an introduction that summarizes the origins and significant texts in basic writing, the book is divided into three sections, Social Science Perspectives, Linguistic Perspectives, and Pedagogical Perspectives. The first section, which contains three essays, views the field through the lens of social, psychological, and political issues. The second section, also containing three essays, examines contributions made from studies of grammar, dialects, and second-language acquisition. The third section, in its four essays, focuses on the design, development, administration, and evaluation of basic writing courses, the use of computers in basic writing classrooms, the role of the writing lab, and the preparation of basic writing teachers. An appendix that reviews current textbooks for basic writing courses is also included, as well as an index. This book will be a valuable resource for teachers of basic writing, in education courses and

workshops that train teachers and tutors, and in fields such as linguistics, technical writing, and Teaching English as a Second Language. It will also be an important addition to public and university libraries and many education programs.

The haunting debut novel by the Bram Stoker Award-winning author—"think Henry James and Joyce Carol Oates with just a few paragraphs of Joe Lansdale"

(Tor.com). For the last few years, Veronica Croydon has been at the center of scandal, first as the younger woman for whom her famous professor left his wife, and then as his apparent widow. When a writer staying at the same vacation home as Veronica has the chance to hear her story, he jumps at it. What follows takes him to the dark heart of a father's troubled relationship with his only son, in a story that stretches from the Hudson Valley to Afghanistan; and from post-9/11 America to Victorian England. *House of Windows* is a haunting exploration of a marriage under strain from forces both psychological and paranormal. With its combination of literary complexity and chilling supernatural violence, it is widely considered a masterpiece of contemporary horror fiction. New introduction by Adam Nevill Reading Group Guide included "John Langan is a writer of superb literary horror. Both *House of Windows* and *The Fisherman* are dark and unsettling contemporary masterpieces." —Peter Straub, New York Times bestselling author *The Longman Writer* McGraw-Hill Ryerson In the words of the text's best-selling author, John Langan, "Grammar books can

be really dull. But they don't have to be. "English Essentials is a new text that makes grammar, punctuation, and usage interesting--with pictures, stories, and activities students will enjoy." The affordable price, ease of use, and simple, familiar language distinguish this engaging text from others on the market.

From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes,

software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique.

'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times
