This classical descriptive grammar of the Phoenician-Punic language of the period. ca. 1200 BCE to 350 CE, will prove of particular interest to Hebraists and Semitists. The work is copiously illustrated with examples from texts of all periods and dialects. Much of the material is presented here for the first time.

**Monthly Catalogue, United States Public Documents** BRILL

Through detailed case studies ranging from the 18th century until today, this book explores the role of foreign languages in military alliances, in occupation and in peace building. It brings together academic researchers and practitioners from

the museum and interpreting worlds and the military.

**Proficiency in Listening and Reading Comprehension**

Springer

People currently live in a digital age in which technology is now a ubiquitous part of society. It has become imperative to develop and maintain a comprehensive understanding of emerging innovations and technologies. Information and Technology Literacy: Concepts, Methodologies, Tools, and Applications is an authoritative reference source for the latest scholarly research on techniques, trends, and opportunities within the areas of digital literacy. Highlighting a wide range of topics

and concepts such as social media, professional development, and educational applications, this multi-volume book is ideally designed for academics, technology developers, researchers, students, practitioners, and professionals interested in the importance of understanding technological innovations.

**English-as-a-second-language Programs in the Army** Columbia University Press  
Annotation. This book samples the language ideologies of a wide range of Native American communities to show their role in sociocultural transformation. The contributors discuss the impact of

contemporary languages issues on grammar, language use, the relation between language and social identity, and emergent language ideologies themselves in Native American speech communities.  
Book jacket.

Bradt Travel Guides  
In Kanbunmyaku: The Literary Sinitic Context and the Birth of Modern Japanese Language and Literature, Saito Mareshi demonstrates the centrality of kanbun and kanshi in the creation of modern literary Japanese and problematizes the modern antagonism between kanbun and Japanese.  
[ECEL 2018 17th European Conference on e-Learning](#) Tuncay

(Yayıncılık) Publishing his new edition of Bradt's Lebanon remains the most comprehensive and detailed English-language guide available. In addition to its more in-depth coverage of essential background information such as history, culture and religion the guide has expanded treatment for the business traveller and prospective property buyer. Subjects such as the environment and responsible travel are given increased emphasis, and there is plenty of additional information for those interested in volunteering opportunities. The guide also caters for all types of travellers and budgets with extensive listings and reviews for

accommodation and restaurants. There is also a new section on travelling with children. With a comprehensive language appendix covering both Arabic and French together with an expanded further reading section for this new edition, Bradt's Lebanon is an indispensable practical companion for use within the country and a useful work of reference for armchair travellers too. Although only half the size of Wales, Lebanon offers extraordinary diversity. Here, some of the oldest human settlements in the world at the Phoenician ports of Tyre, Sidon and Byblos sit alongside modern Beirut, popular for its cuisine, eclectic nightlife and mosaic of peoples. In Lebanon's

second city, Tripoli, busy medieval souks are watched over by a vast Crusader castle. Outside the city, snow-capped mountains and the lush Qadisha Valley with its snaking river and waterfalls provide entertainment for skiers and hikers, while the Mediterranean Sea draws sun and watersports enthusiasts. Bradt's Lebanon provides detailed cultural and practical information to this increasingly popular destination. It also provides in-depth historical and religious background enabling visitors to travel with awareness and sensitivity.

Weekly bestseller!

Clashing empires, forbidden romance, and a long-forgotten queen destined to save her people—Tahereh Mafi's first in an epic, romantic trilogy inspired by Persian mythology. To all the world, Alizeh is a disposable servant, not the long-lost heir to an ancient Jinn kingdom forced to hide in plain sight. The crown prince, Kamran, has heard the prophecies foretelling the death of

his king. But he could never have imagined that the servant girl with the strange eyes, the girl he can't put out of his mind, would one day soon uproot his kingdom—and the world. Perfect for fans of Leigh Bardugo, Tomi Adeyemi, and Sabaa Tahir, this is the explosive first book in a new fantasy trilogy from the New York Times bestselling and National Book Award-nominated author Tahereh Mafi. “In a tale as exquisitely crafted as one of Alizeh’s own garments, Mafi weaves a spell of destiny and danger, forbidden love and courtly intrigue, magic and revolution.”—Cassandra Clare, #1 New York Times bestselling author of *The Last Hours* “This Woven Kingdom is an

exquisite fantasy. Rich with clever prose, delicious twists, and breathtaking world building. Prepare to be destroyed—this one will wrench at your heart and make it pound, and in the end it will leave you entirely speechless.”—Stephanie Garber, #1 New York Times bestselling author of the *Caraval* series

positive action with neuro-linguistic programming Neuro-linguistic programming (NLP) has taken the psychology world by storm. So much more than just another quick-fix or a run-of-the-mill self-help technique, NLP shows real people how to evaluate the ways in which they think, strategise, manage their emotional state and view the world. This then enables them to positively change the way they set and achieve goals, build relationships with others, communicate and enhance their overall life skills. Sounds great, right? But where do you begin? Thankfully, that's where this friendly and accessible guide comes in! Free of intimidating jargon and

packed with lots of easy-to-follow guidance which you can put in to use straight away, Neuro-linguistic Programming For Dummies provides the essential building blocks of NLP and shows you how to get to grips with this powerful self-help technique. Highlighting key NLP topics, it helps you recognize and leverage your psychological perspective in a positive fashion to build self-confidence, communicate effectively and make life-changing decisions with confidence and ease. Includes updated information on the latest advances in neuroscience Covers mindfulness coaching, social media and NLP in the digital world Helps you understand

the power of communication Shows you how to make change easier If you're new to this widely known and heralded personal growth technique—either as a practitioner or homegrown student—Neuro-linguistic Programming For Dummies covers everything you need to benefit from all it has to offer.

**The American Psychiatric Association Practice Guideline for the Pharmacological Treatment of Patients With Alcohol Use Disorder**

University of Michigan Press ELT

This edition is not just a rehash of old, albeit classic and still important, stuff. Instead, it provides a fresh perspective on a

topic of perennial interest for those working in the field that has been variously called training and development, human resource development, performance technology, and workplace learning and performance. The fresh perspective takes into consideration two additional instructor settings to the traditional face-to-face environments that most instructors and trainers know -- that is, online and blended settings. These settings are, of course, becoming more critical as instruction moves beyond classroom settings to include virtual and combinations of classroom and other media delivery methods. The ibstpi instructor

competencies match up well to Mapping the Future (Bernthal, Colteryahn, Davis, Naughton, Rothwell, & Wellins 2004), the current ASTD competency study of the field now known as Workplace Learning and Performance (WLP) and previously known as Training and Development (T&D). WLP is more than a new name for an old subject and represents a fundamental paradigm shift in what it means to be a professional in the field formerly known as training. WLP is all about getting improved performance -- and therefore improved results -- in organizational settings through planned and unplanned learning interventions. Instruction is thus a

means to an end and not an end in itself. The ibstpi instructor competencies dovetail well with that philosophy.

Grammar Sense 2

Tuncay (Yayıncılık)  
Publishing

Grammar is introduced in authentic contexts, providing a true picture of natural language use. A discourse-based approach encourages communication beyond the sentence level and shows how language is used in the real world. Guided exercises lead students into the grammar, fostering independent learning. Special sections build accuracy, fluency, and confidence: Beyond the Sentence shows how structures function differently in extended discourse. Informally Speaking demonstrates the differences

between spoken and written English.

Vocabulary Notes highlights connections between key vocabulary and grammatical structures. Form is introduced before meaning and use, allowing students to build accuracy before focusing on appropriate and meaningful communication.

Information and Technology Literacy: Concepts, Methodologies, Tools, and Applications

Cambridge University Press

When Yugoslavia disintegrated in the early 1990s, competence in English was not widespread. This book explores how English came to be equated with economic survival for many

during and after the ensuing war through a range of diverse social and professional contexts, from the classroom to the military to the International Criminal Court. While English provided social mobility for many, its abrupt arrival also contributed to the marginalization of those without the adequate language skills. The high level of international intervention in Bosnia and Herzegovina over the last two decades has contributed to a sense of normalization of the presence of English. Viewed as a far more complex issue than simple linguistic imposition, this book explores the widespread adoption of English and its effects on a nation recovering

from war.

### A Phoenician-Punic Grammar IAP

This game-changing,  
reader-friendly book  
provides a more  
precise definition of  
idioms, along with new  
classifications of them.  
It eliminates fixed  
phrases such as  
phrasal verbs,  
collocations, slang, and  
proverbs from the class  
of idioms, while  
including two major  
new categories:  
similidioms and irony-  
based idiom sentences

(IBISes). As a matter of fact, similitudines (basically, idioms in the form of a simile) have been there probably since the beginning of our history as being capable of speaking, but they have not been revealed, until now. Starting from the observation that the production of idioms in any language is influenced by the technological advance of society, the book takes two of the most productive lexicosemantic categories of idioms in both English and Romanian—crazy and stupid idioms—and provides, for the first time, their classification according to their topic and pattern, in an intriguing contrastive approach. Well-documented and not lacking a subtle sense

of humour, the book not only opens new perspectives for researchers in the field, but will also captivate the general reader interested in finding out more about the expressions they use every day.
