Wave Woman is the untold story of an adventurer whose zest for life and learning kept her alive for ninety-eight years. Betty Pembroke Heldreich Winstedt was the granddaughter of Mormon pioneers who, after spending an active and athletic childhood in Salt Lake City, moved to Santa Monica with her family and enrolled at USC to study dental hygiene. Betty went on to elope with a man she hardly knew, and to have two daughters. In middle age, Betty finally followed her dream of living near the ocean; she moved to Hawaii and, at age forty-one, took up surfing. She lived and surfed at Waikiki during the golden years of the mid-1950s and was a pioneer surfer at Makaha Beach. She was competitive in early big-wave surfing championships and was among the first women to compete in Lima, Peru, where she won first place. Betty was an Olympic hopeful, a pilot, a mother, a sculptor, a jeweler, a builder, a fisherwoman, an ATV rider, and a potter who lived life her way, dealing with adversity and heartache on her own stoic terms. A love letter from a daughter to her larger-than-life mother, Wave Woman will speak to any woman searching for self-confidence, , fulfillment, and happiness.

A bitchin' love letter to sand and sea, and a spirited inside account of life with the "first family" of American surfing In 1956, Dorian "Doc" Paskowitz stepped away from a successful medical practice and began a lifelong surfing odyssey that grew to include his wife Juliette, and their nine children. Together, the Paskowitz clan lived a vagabonding bohemian existence, eschewing material possessions in favor of intangible riches like health and good cheer . . . all the while careening along the world's coastlines in search of the perfect wave. In Scratching the Horizon, Izzy Paskowitz looks back at his unusual upbringing, and his lifelong passion for the sport that carries his family's stamp. As the fourth-oldest child in a family of inveterate surfers, rock stars, and beach bums, he is uniquely qualified to shine a light on a childhood that has come to symbolize the surfing credo, a reckless young adulthood that nearly cost him his sanity, and a maturing sense of self and purpose that allows him to lift others on the back of his experience. As the father of a son with autism and the founder of "Surfers Healing," a foundation devoted to expanding the horizons of children with autism through surfing, Paskowitz has found a way to connect the surreal aspects of his childhood to the harsh realities of adulthood, and he shares these discoveries in this wickedly entertaining and transforming memoir.

But they’re also stories of breakthroughs, of authentic joy and unbridled excitement as they learn to see their world from a whole new perspective—standing tall atop a surfboard, riding a wave all their own. Exploring new avenues of therapy for those with autism, with therapeutic and extraordinary results, Waves of Healing is a snapshot of hope, courage, and human perseverance.

Winner of the 2016 Pulitzer Prize for Autobiography Included in President Obama’s 2016 Summer Reading List “Without a doubt, the finest surf book I’ve ever read . . . ” —The New York Times Magazine Barbarian Days is William Finnegan's memoir of an obsession, a complex enchantment. Surfing only looks like a sport. To initiates, it is something else: a beautiful addiction, a demanding course of study, a morally dangerous pastime, a way of life. Raised in California and Hawaii, Finnegan started surfing as a child. He has chased waves all over the world, wandering for years through the South Pacific, Australia, Asia, Africa. A bookish boy, and then an excessively adventurous young man, he went on to become a distinguished writer and war reporter. Barbarian Days takes us deep into unfamiliar worlds, some of them right under our noses—off the coasts of New York and San Francisco. It immerses the reader in the edgy camaraderie of close male friendships forged in challenging waves. Finnegan shares stories of life in a whites-only gang in a tough school in Honolulu. He shows us a world turned upside down for kids and adults alike by the social upheavals of the 1960s. He details the intricacies of famous waves and his own apprenticeships to them. Youthful folly—he drops LSD while riding huge Honolua Bay, on Maui—is served up with rueful humor. As Finnegan's travels take him ever farther afield, he discovers the picturesque simplicity of a Samoan fishing village, dissects the sexual politics of Tongan interactions with Americans and Japanese, and navigates the Indonesian black market while nearly succumbing to malaria. Throughout, he surfs, carrying readers with him on rides of harrowing, unprecedented lucidity. Barbarian Days is an old-school adventure story, an intellectual autobiography, a social history, a literary road movie, and an extraordinary exploration of the gradual mastering of an exacting, little-understood art.

For them, the organization of swells and currents and the curling folds of the waves are elements of a natural language, as coherent in structure and meaning as any taught in school. Each of the eighteen stories in this collection is a raw glimpse of surf life—from sliding into cold, stiff neoprene to experiencing the ecstasy of the Pure Art of Surfing. Most previously published in magazines over the past thirty-five years, the stories in this collection capture the movement, mythology, fantasy, and philosophy of surf life and culture on the sweet and ragged wild edge of beauty.
