BEATRICE ROLAND

First Thousand Words in German National Geographic Books

eighteen es la traducción de la obra original escrita en inglés bajo el mismo nombre, traducida por su propio autor, alberto ramos. es el viaje del crecer y el convertirse y se divide en tres partes. cada parte trata con una etapa diferente, siendo cada una visualmente representada por los distintos ciclos de la metamorfosis de una mariposa. el fin, como la larva, trata con el abuso, la homofobia, la pérdida, el bullying y el suicidio. la transición, como pupa (crisálida), explora el descubrirse, el sanar, el perdón, el dolor, la vida y la muerte. el principio, como mariposa, es una celebración a uno mismo y a la belleza de la vida. destila poder y amor propio. esperanza y alegría aún después de romperse. alberto ramos tenía tan solo quince años cuando se mudó de su ciudad natal Málaga España a Estocolmo Suecia, dejándolo todo atrás para perseguir su sueño de estudiar a las afueras, junto con su mejor amiga. poco sabía él que lo que pensó que sería el principio no eran más que finales. eighteen es la consecuencia. el producto de todo lo ocurrido de fin a principio. un antes y un después.

Would you like your children to grow up bilingual, even if you aren't yet? Then speak to your kids in Spanish as you learn the language along with them. Becoming a Bilingual Family gives English-speaking parents the tools to start speaking Spanish with their kids in their earliest years, when children are most receptive to learning languages. It teaches the vocabulary and idioms for speaking to children in Spanish and offers practical, proven ways to create a language-learning environment at home. The first part of the book introduces parents to many resources—books, audio

books, music, television, computer programs, childcare workers, school, and friends—that can help you establish a home environment conducive to the acquisition of Spanish. The second part is a Spanish phrasebook that takes you through all the typical activities that parents and children share, from getting up in the morning to going to bed at night. Few, if any, other Spanish study aids provide this much vocabulary and guidance for talking to small children about common daily activities. The authors also include a quick course in Spanish pronunciation and enough grammar to get a parent started. Spanish-language resources, kids' names in Spanish, and an easy-to-use index and glossary complete the book. Take the Marks'es' advice and start talking to your kids in Spanish, even if it's not perfect. You'll learn the language together and share the excitement of discovering the peoples and cultures that make up the Spanish-speaking world.
