 A purpose statement is primarily used internally to rally employees behind an overarching vision and organize teams. Iterating the business purpose is meant to provide

transparency and serve as a roadmap as new opportunities present themselves, and challenges arise. However, the purpose statement informs external needs as well.
 How to Develop Your Company's Purpose
 Site-directed mutagenesis is a molecular biology method that is used to make specific and intentional changes to the DNA sequence of a gene and any gene products. Also called site-specific mutagenesis or oligonucleotide-directed

mutagenesis, it is used for investigating the structure and biological activity of DNA, RNA, and protein molecules, and for protein engineering.
