about

NATIONAL BESTSELLER

- From the acclaimed

Nobel Prize winner—a powerful examination of our obsession with beauty and conformity that asks questions about race, class, and gender with characteristic subtlety and grace. In

Morrison's acclaimed first novel, *Pecola Breedlove*—an 11-year-old Black girl in an America whose love for its blond, blue-eyed children can devastate all others—prays for her eyes to turn blue: so that she will be beautiful, so that people will look at her, so that her world will be different. This is the story of the nightmare at the heart of her yearning, and the tragedy of its fulfillment. Here, Morrison's writing is "so precise, so faithful to speech and so charged with pain and wonder that the novel becomes poetry" (*The New York Times*).

Funny and totally true childhood biographies and full-color illustrations tell tales

from the challenging yet defining growing-up years of Albert Einstein, Jane Goodall, Marie Curie, and 12 other brilliant scientists. Every great scientist started out as a kid. Before their experiments, inventions, and discoveries that changed the world, the world's most celebrated scientists had regular-kid problems just like you. Stephen Hawking hated school, and preferred to spend his free time building model airplanes, inventing board games, and even building his own computer. Jane Goodall got in trouble for bringing worms and snails into her house. And Neil deGrasse Tyson had to start a dog-walking business

to save up money to buy a telescope. Kid Scientists tells the stories of a diverse and inclusive group—also including Temple Grandin, Nikola Tesla, Ada Lovelace, Benjamin Franklin, Isaac Newton, Rosalind Franklin, Sally Ride, Rachel Carson, George Washington Carver, and Vera Rubin—through kid-friendly texts and full-color cartoon illustrations on nearly every page.

Code Name Lily Simon and Schuster “Susan Choi...proves herself a natural—a writer whose intelligence and historical awareness effortlessly serve a breathtaking narrative ability. I couldn’t put *American Woman* down, and wanted when I finished it to do

nothing but read it again.” —Joan Didion A novel of impressive scope and complexity, “*American Woman* is a thoughtful, meditative interrogation of...history and politics, of power and racism, and finally, of radicalism.” (San Francisco Chronicle), perfect for readers who love Emma Cline’s novel, *The Girls*. On the lam for an act of violence against the American government, 25-year-old Jenny Shimada agrees to care for three younger fugitives whom a shadowy figure from her former radical life has spirited out of California. One of them, the kidnapped granddaughter of a wealthy newspaper magnate in San Francisco, has become a national celebrity for

embracing her captors' ideology and joining their revolutionary cell. "A brilliant read...astonishing in its honesty and confidence," (Denver Post) American Woman explores the psychology of the young radicals, the intensity of their isolated existence, and the paranoia and fear that undermine their ideals.

When you think of the American Revolution, perhaps you envision the Boston Tea Party, Paul Revere's infamous ride, or George Washington crossing the Delaware River. But there are many other, lesser-known stories of the war that engulfed women's lives as it did the lives of their fathers,

husbands, and sons. Some women served as spies, nurses, and water carriers; some helped as fundraisers, writers, and couriers; and still others functioned as resisters, rescuers, and—surprisingly—even soldiers. Most often, their names did not make it into history books. In *Women Heroes of the American Revolution*, these fascinating women step into the spotlight they deserve. You'll learn about such brave rebels as Martha Bratton, who blew up a supply of gunpowder to keep it out of the hands of approaching British troops and boldly claimed, "It was I who did it!"; 16-year-old Sybil Ludington, who rode her horse Star twice as far as the legendary Paul Revere

did in order to help her father, Colonel Ludington, muster his scattered troops to fight the British; and Deborah Sampson Gannett, who bound her chest, dressed as a man, enlisted in the Continental Army as Robert Shurtliff, and served undetected for three years alongside her fellow soldiers. These and 17 other inspiring stories of women and girls contributing to our nation's independence are recounted through energetic narrative and revealing letters and documents that allow us to hear the voices of the women themselves and those who knew and admired them. *Women Heroes of the American Revolution* National Geographic Society

In 1943 a British Special Operations Executive (SOE) report called agent-in-training Pearl Witherington "cool and resourceful and extremely determined" and "the best shot, male or female, we have yet had." Soon after, 29-year-old Witherington parachuted into Nazi-occupied France and posed as a traveling cosmetics saleswoman to make her way around the country as an SOE courier. When the leader of her network was caught by the Gestapo, she became "Pauline" and rose to command a 3,500-strong band of French Resistance fighters. She went on to become one of the most celebrated

female agents in SOE history. In Code Name Pauline Witherington's remarkable story is told in her own words. In a series of reminiscences she describes her difficult childhood and harrowing escape from France in 1940, her recruitment and training as a special agent, the logistics and dangers of working as an undercover courier, failed and successful attempts at sabotaging the Nazis, and much more. The Catechism of the Catholic Church highlights a hallmark of truly Christian prayer - bold confidence, fearless trust. This book explores this boundless trust through the lens of the life of St Therese of Lisieux and expounds it with her spiritual teaching. She can be a patron of this confidence in our prayer. She can be the champion of this holy daring in every area of our Christian discipleship. 'Your book has deepened my appreciation of Therese even though for most of my life I have been reading her, and reading and thinking about her and growing in love for her. I thank you for writing it.' Bishop Patrick V. Ahern 'A wonderful work! The author's attractive and

scholarly writing distils for us the pure essence of Therese's filial daring. In its account of how she was on terms of holy familiarity with God this book is joyous, impressive, luminous.' Alan Bancroft translator of St Therese's poetry John Udris is Cathedral Dean of Our Lady and St Thomas, Northampton. He has a Licence in Spiritual Theology from the Pontifical University of St Thomas, Rome, where he focused his studies on St Therese.
