Bullet Journal : *Bullet Journal Grid Notebook* Standard Ebooks
This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In LSD: My Problem Child, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

Mundos en palabras A&C Black
Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heart-breaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

A zine is a handmade magazine or mini-comic about anything you can imagine: favorite bands, personal stories, subcultures, or collections. They contain diary entries, rants, interviews, and stories. They can be by one person or many, found in stores, traded at comic conventions, exchanged with friends, or given away for free. Zines are not a new idea: they've been around for years under various names (chapbooks, flyers, pamphlets). People with independent ideas have been getting their word out since before there were printing presses. This book is for anyone who wants to create their own zine. It's for learning tips and tricks from contributors who have been at the forefront of the zine

movement. It's for learning how to design and print your own zine so you can put it in others' hands. It's for anyone who has something to say.—From publisher description.

"Nature, culture, and the imagination are hopelessly entangled, to use a key word for Carlos Cociña, in gardens. In his elegant, devastating sequence GARDENS, this entanglement is considered, enacted, displayed, mined--but never disentangled; Cociña knows it is far too late for that. I loved whiling in these serpentine lines,

where the concrete and abstract flow into and out of each other, "toward stadiums of the private," suspended between the imagined and the all-too real."--Donna Stonecipher Translated by Ian U. Lockaby. Poetry. Latinx Studies.

"That rare person who looked like Marlene Dietrich and wrote like Virginia Woolf," Clarice Lispector is one of the most popular but least understood of Latin American writers. Now, after years of research on three continents, drawing on previously unknown manuscripts and dozens of interviews, Benjamin Moser demonstrates how Lispector's development as a writer was directly connected to the story of her turbulent life. Born in the nightmarish landscape of post-World War I Ukraine, Clarice became, virtually from adolescence, a person whose beauty, genius, and eccentricity intrigued Brazil. Why This World tells how

this precocious girl, through long exile abroad and difficult personal struggles, matured into a great writer. It also asserts, for the first time, the deep roots in the Jewish mystical tradition that make her the true heir to Kafka as well as the unlikely author of "perhaps the greatest spiritual autobiography of the twentieth century." From Chechnik to Recife, from Naples and Berne to Washington and Rio de Janeiro, *Why This World* strips away the mythology surrounding this extraordinary figure and shows how Clarice Lispector transformed one woman's struggles into a universally resonant art.
