Suena Regent College Pub Lawrence Lessig, "the most important thinker on intellectual property in the Internet era", masterfully argues that never before in human history has the power to control creative progress been so concentrated in the hands of the powerful few, the so-called Big Media. Never before have the cultural powers- that-be been able to exert such control over what we can and can't do with the culture around us. Our society defends free markets and free speech; why then does it permit such top-down control? To lose our long tradition of free culture, Lawrence Lessig shows us, is to lose our freedom to create, our freedom to build, and, ultimately, our freedom to imagine.

Locked church doors and tossed rotten eggs greeted the faithful and patient Charles Simeon in his early years as a pastor. But in humility and simple power he was allowed by God to triumph. He became, as John R.W. Stott notes, "one of the greatest and most persuasive preachers the Church of England has ever known." Why did he have such an impact? You'll discover the reasons yourself as you read these clearflowing sermons, rich in content and clean in

style. Shining through his words are Simeon's simple devotion to pure biblical truth, his concise and orderly presentation, and his pastor's mind and heart. James Houston's editorial preface is an instructive guide to Simeon's sound homiletical principles, while Stott's introduction is an engaging portrait of Simeon as a servant of God. Surveying his long life (1758-1836) and fruitful ministry, Stott is especially impressed by Simeon's refreshing, unaffected humility, and writes, "Our proud, self-congratulatory generation urgently needs to recover this biblical perspective." Dr. James M. Houston, editor of the CLASSICS OF FAITH AND DEVOTION SERIES, is a highly acclaimed scholar and pioneer in the field of evangelical spirituality. He came to North America from England in 1968 to lead Regent College in Vancouver, Canada, an international graduate school of Christian studies.

A provocative essay collection that finds the Nobel laureate taking on the decline of intellectual life In the past, culture was a kind of vital consciousness that constantly rejuvenated and revived everyday reality. Now it is largely a mechanism of distraction and entertainment. Notes on the Death of Culture is an examination and indictment of this transformation—penned by none other than Mario Vargas Llosa, who is not only one of our finest novelists but one of the keenest social critics at work today. Taking his cues from T. S.

Eliot—whose essay "Notes Toward a Definition of Culture" is a touchstone precisely because the culture Eliot aimed to describe has since vanished—Vargas Llosa traces a decline whose ill effects have only just begun to be felt. He mourns, in particular, the figure of the intellectual: for most of the twentieth

century, men and women of letters drove political, aesthetic, and moral conversations; today they have all but disappeared from public debate. But Vargas Llosa stubbornly refuses to fade into the background. He is not content to merely sign a petition; he will not bite his tongue. A necessary gadfly, the Nobel laureate Vargas Llosa, here vividly translated by John King, provides a tough but essential critique of our time and culture.

In her groundbreaking and innovative study, the author takes us on a fascinating journey through some of Madrid's multilingual and multicultural schools and reveals the role played by linguistic practices in the construction of inequality through such processes as what she calls "de-capitalization" and "ethnicization". Through a critical sociolinguistic and discourse analysis of the data collected in an ethnographic study, the book shows the exclusion caused by monolingualizing tendencies and ideologies of deficit in education and society. The book opens a timely discussion of the management of diversity in multilingual and

multicultural classrooms, both for countries with a long tradition of migration flows and for those where the phenomenon is relatively new, as is the case in Spain. This study of linguistic practices in the classroom makes clear the need to rethink some key linguistic concepts, such as practice, competence, discourse, and language, and to integrate different approaches in qualitative research. The volume is essential reading for students and researchers working in sociolinguistics, education and related areas, as well as for all teachers and social workers who deal with the increasing heterogeneity of our late modern societies in their work.

Arranged alphabetically from “Amore” to “Zurich,” *This I Believe* takes us on a marvelous inner journey with a great writer. Fuentes ranges wide, from contradictions inherent in Latin American culture and politics to his long friendship with

director Luis Buñuel. Along the way, we find reflection on the mixed curse and blessing of globalization; memories of a sexual initiation in Zurich; a fond tracing of a family tree heavy with poets, dreamers, and diplomats; evocations of the streets, cafés, and bedrooms of Washington, Paris, Santiago de Chile, Cambridge, Oaxaca, and New York; and a celebration of literary heroes including Balzac, Cervantes, Faulkner, Kafka, and Shakespeare. Throughout, Fuentes captivates with the power of his intellect and his

prose. Here, too, are vivid, often heartbreaking glimpses into his personal life. “Silvia” is a powerful love letter to his beloved wife. In “Children,” Fuentes recalls the births of his daughters and the tragic death of his son; in “Cinema” he relives the magic of films such as *Citizen Kane* and *The Wizard of Oz*. Further extending his reach, he examines the collision between history and contemporary life in “Civil Society,” “Left,” and “Revolution.” And he poignantly addresses the experiences we all hold in common as he grapples with beauty, death,

freedom, God, and sex. By turns provocative and intimate, partisan and universal, this book is a brilliant summation of an international literary career. Revisiting the influences, commitments, readings, and insights of a lifetime, Fuentes has fashioned a magnificently coherent statement of his view of the world, reminding us once again why reading Fuentes is “like standing beneath the dome of the Sistine Chapel. . . . The breadth and enormity of this accomplishment is breathtaking” (The Denver Post).
