Excerpt from Annales De La Soci't' Entomologique De Belgique, 1903, Vol. 47 J'ai sous les yeux nu exemplaire male, en assez mauvais 'tat, d'une grande espece axm'ricaine qui m'riterait pent-'tre de former un genre distinct. Ses'l'guments sont cribl's en dessous, sur les pattes et le prothorax, de gros points enfonc's, accompagn's de poils assez longs, couches, mais m'diocrement abondants. Ses 'l'ytres

sont profond'ment Sillonn'es, avec les intervalles entre les sillons costiformes et ponctu's. Enfin, son rostre differe de celui des males des autres espaces en cc qu'il est plus court, plus grele ci nu peu recourb' en haut a son extr'mit'; en dessus, il pr'sente deux rang'es de petits tubercules. Jusqu'ici on n'a rien signal' de pareil chez aucune esp'ce du genre. Cet insecte, dont je dois la connaissance a l'obligeance de M. De Lansberge, est originaire de Venezuela. In accordance with Article 102 of the Charter and the relevant General

Assembly Resolutions, every treaty and international agreement registered or filed and recorded with the Secretariat since 1946 is published in the United Nations Treaty Series. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive Indices covering 50-volume-lots are published separately.

Sociology and Catholic Social Teaching:

Contemporary Theory and Research offers critical insights into a badly needed alternative vision to the alienation and cynicism that plague our political discourse. Arguing that Catholic social teaching stands as an important morally grounded framework for addressing today's pressing social problems, contributors explore the general principles and specific criteria required for both evaluating and advocating models of social improvement. This anthology is meant for advanced undergraduate and graduate students of sociology or Catholic social thought, as well as scholars in these areas interested in how sociology and Catholic social teaching converge.

The conference of our European Institute for social security was held from the 16th till the 19th of October 1980 in Perugia. As usual the theme of the

Conference was the same of that of the preparatory Colloque held in Brussels in 1979: Social security reforms in Europe. The reports of that Colloque were published as Part II of the Yearbook 1978-1980. Part I of the Yearbook 1980-1981 contains the reports presented in Perugia. The reports are focussed on three items: The financing of social security (J.P. Launay, Jan B.M. Pierik, Jørn Henrik Petersen and Guy Perrin); The social benefits (Bernd Schulte and Sven Guldburg) and The organization of social security (A.J. Ogus, A. Berenstein and Jef van Langendonck). The Yearbook contains also two national reports (M. Magrez and Asbjørn Kjønstad), not available to be included in Yearbook II 1978-1980. Finally the Yearbook contains a report from Guy

Perrin on the social security problems of migrant workers and the synthesis report of Pasquale Sandulli. It's a pity that we could not include the report of Lucia Vitali, Le prestazioni per invalidità nel sistema italiano di sicurezza sociale: un'analisi economica, and the report of the Region of Umbria since there was no English or French translation available. The Institute once again wants to express its sincere gratitude to Pasquale Sandulli and his colleagues for the adequate way in which they organized the conference.
