**Recueil des lois et arrêtés** Macmillan

With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion. Similarly,the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

**Corpus Documentorum Inquisitionis Haereticæ Pravitatis Neerlandicæ: Verzameling Van Stukken Pauselijke en Bisschoppelijke Inquisitie in de Nederlanden** Seven Stories Press

The dry humour and intelligence of Elly Griffith's Ruth Galloway mysteries, set in Norfolk, England, are fresh air in a genre dominated by surly male detectives and gun-totin' female PIs. In the third novel in the Ruth Galloway series, shoreline erosion at the village of Broughton Sea's End has revealed the skeletons of six men, their arms bound. From the mineral content of their bones, forensic archaeologist Ruth Galloway can tell that they were all Germans. Most likely, DCI Harry Nelson reckons, they were killed by the local Home Guard when they tried to land during the Second World War. This is just the first complication in a story brimming with surprise twists, not all of them stemming from these murders. Ruth is a new mum of a daughter she adores but whose existence is raising eyebrows and is testing Ruth's assumption that she can be a mum, a professional archaeologist, a teacher, and an adjunct to a murder investigation all at the same time. The House at Sea's End is smart, witty, complex, intriguing, generous — much like its protagonist.

EMPTY CRADLES is a powerful testament to an ordinary woman's astonishing dedication, compassion and stubborn courage. In 1986 Margaret Humphreys, a Nottingham social worker and mother of two, investigated the case of a woman who claimed that, at the age of four, she had been put on a boat to Australia by the British government. At first incredulous, Margaret Humphreys soon discovered that this woman's story was just the tip of an enormous iceberg. As many as an estimated 150,000 children had in fact been deported from children's homes in Britian and shipped off to a 'new life' in distant parts of the Empire - the last as recently as 1967. Many of the children were told that their parents were dead. Their parents, too, were often deceived; many believed that their children had been adopted in Britain. The reality was very different: for numerous children it was to be a life of horrendous physical and sexual abuse in institutions in Western Australia and elsewhere. Margaret Humphreys reveals how she gradually unravelled this shocking secret; how she became drawn into the lives of some of these innocent and unwilling exiles, how it became her mission to reunite them with their families in Britain, and how her lonely crusade led to the founding of the Child Migrants Trust. EMPTY CRADLES is a strong indictment of government, as well as charitable and religious organisations. It is a sad, harrowing story that will move the reader to anger and tears. Yet it offers a message of hope to all the victims of a shameful scandal that has been ignored for too long.

Kunstwoordenboek, of Verklaring van allerhande vreemde woorden, benamingen, gezegden en Spreekwijzen, uit verscheidene talen-ontleend Macmillan

A Dictionary of European Anglicisms documents the spread of English in Europe. It provides the first exhaustive and up-to-date account of British and American English words that have been imported into the main languages of Europe. English, which imported thousands of words from French and Latin (mainly after 1066), is now by far the world's biggest lexical exporter, and the trade is growing as English continues to dominate various fields ranging from pop music to electronic communication. Several countries have monitored the inflow of anglicisms and some have tried to block it. But language, as lexicographers have always found and as this book demonstrates once more, respects neither boundary nor law. The dictionary not only shows which words have been exported where, but how the process of importation can change a word's form and function, sometimes subtly, at others remarkably as in the transformation of painkiller to Bulgarian 'jack of all trades'. The book provides a systematic description of the lexical input of English into Icelandic, Norwegian, Dutch, German, Russian, Polish, Croatian, Bulgarian, French, Spanish, Italian, Romanian, Finnish, Hungarian, Albanian, and Greek. Each entry has a brief definition of the loan word, followed by information on its history and distribution; variations in its spelling, meaning, and pronunciation; its route of transmission if not direct from English; its degree of acceptance and usage restrictions; and its native equivalents and derivatives. Grids showing distribution patterns across Europe accompany many of the entries. The Dictionary of European Anglicisms is a scholarly tour de force [French: imported early nineteenth century] and the result of a prodigious research effort across Europe masterminded and directed by Manfred Gorlach. It is a unique resource for comparative analysis and the study of linguistic variation and change. It will fascinate linguists and word-watchers of all persuasions.

The international bestselling Off-Campus series returns with a collection of four novellas by New York Times bestselling author and TikTok sensation Elle Kennedy! This brand-new installment provides the much-anticipated answer to the question: Where are they now? Four stories. Four couples. Three years of real life after graduation... A wedding. A proposal. An elopement. And a surprise pregnancy. Life after college for Garrett and Hannah, Logan and Grace, Dean and Allie, and Tucker and Sabrina, isn't quite what they imagined it would be. Sure, they have each other, but they also have real-life problems that four years at Briar U didn't exactly prepare them for. As it turns out, for these four couples, love is the easy part. Growing up is a whole lot harder. Come for the drama, stay for the laughs! Catch up with your favorite Off-Campus characters as they navigate the changes that come with growing up and discover that big decisions can have big consequences...and big rewards. \*THE LEGACY is an 85,000-word novel that is made up of four novellas.

*Woordenboek voor Vrijmetselaren*

In a true story of courage in the face of war and oppression, the author revisits the village in northern France that protected British soldiers caught behind the lines of the German invasion force. 15,000 first printing.
