"Dr. Brown extends an authentic invitation to

reframe lessons in leadership and biblical application that allows us to shift perspectives and expand our sense of self beyond that of the world, leaning into the purpose and intentionality of God's promises and perception of us. She delivers a profound and timely reminder that how we perceive ourselves outweighs that which we cannot control." -Dr. Kathleen N. Cabler, ODCP "If you have a desire to be set free from the opinions of others and simply believe in what God

placed on the inside of you, I urge you to read this book." -Bishop Kim W. Brown, Author and Bishop of The Mount Global Fellowship of Churches In It's Not What You Call Me, It's What I Answer To, Keshia Brown shares how a revelation of God's definition of us is one without rival. There are so many titles we allow ourselves to be defined by other than the one we were designed to fully live out. Often driven by a confusing set of worldly expectations, there is an identity crisis that

happens when we allow ourselves to be defined by what others call us. This crisis requires us to refute the lies of the enemy to become better women, leaders, and disciples for the Kingdom. The passion and purpose in fulfilling our goals and walking out our destiny require an extraordinary commitment to our God-given assignment. You'll learn and reflect on what happens on the journey to birthing dreams is filled with challenges, transition, and processes that we don't always

bargain for but are necessary to propel us into the next season of our lives. Keshia uses passion, humor, and a reflection of childhood memories to challenge you to: - Flip the notion of what others call you in acceptance for what God calls you- Tackle and identify "baggage cycles" in exchange for "breakthrough cycles"- Answer the call of purpose on your life despite adversity - Dismantle strongholds of negative belief systems in your thinking- Embrace the

uniqueness and leader in youWe have an enemy assaulting our minds and our thoughts in hope that we will turn our backs on our future, our purpose, and God's promises to us. It's a cycle that keeps us in bondage thinking rather than breakthrough thinking. No more eeny, meeny, miny, moe. Yes, you! You've been called by God.Includes Chapter Review, Discussion Questions, and Prayers.

Asian Development Bank Drucker on Asia is written in two parts (Times of Challenge & Time to Reinvent) which is the result of a dialogue between Peter Drucker and Isao Nakauchi on international themes. Drucker On Asia is the result of extensive dialogue between two of the world's leading

business figures, Peter F Drucker and Isao Nakauchi. Their dialogue considers the changes occurring in the economic world today and identifies the challenges that free markets and free enterprises now face with specific reference to China and Japan. * What do these economic changes mean for an individual country and its economy? * What do these changes mean to Japan? * What do these changes mean to society; the individual company; the individual professional

and executive? These are the questions that Drucker and Nakauchi address in their brilliant insight into the future economic role of Asia. **Beauty and the Rose** Simon and Schuster From the bestselling author of Eat That Frog!, a motivational guide to using the Psychology of Achievement to banish negative thoughts and behaviors and unlock your full potential for success. Along the way, they show you how to regain control of your thoughts, feelings, and actions, turn negatives into positives, and learn to accept unexpected life changes without falling back into old negative patterns. Essential reading for anyone feeling stuck,

BELIEVE IT TO ACHIEVE IT offers an important roadmap to conquer negativity and embrace the power of positive thinking to live a happy, successful life.

Словесный портрет российской экономики. Какие слова определяли восприятие экономической жизни в России в 2014-м? «Бизнес-журнал» и аналитическая компания «Медиалогия» подвергли информационное поле скрупулезному частотному анализу и представляют результат в наглядном виде. Мнения в контексте. Кто стоит за обвалом рубля и что им за это будет? На вопрос отвечают Борис Титов,

Анатолий Аксаков, Андрей Нечаев, Гарегин Тосунян, Евгений Ясин, Игорь Костиков и Дмитрий Абзалов. Мистер и миссис Шеринг. Сайты поиска попутчиков отнимают клиентов у транспортных компаний, площадки по сдаче жилья в краткосрочную аренду – у отельеров, а сервисы взаимного кредитования – у банков. Слово для этого феномена уже найдено: «экономика шеринга» (от английского

«делиться»). Каких еще подвохов стоит ожидать от нее традиционному бизнесу? На светлой стороне. У компании «Световые Технологии» есть хорошая традиция – каждый раз под кризис запускать новое производство. В 1998-м она обзавелась производственной площадкой в России. В ушедшем 2014-м – на молодых и перспективных рынках (в Индии и Казахстане). Теперь международный холдинг, выросший из челночной торговли

импортной светотехникой, которую в 1990-е организовали предприимчивые студенты, стал менее зависим от пертурбаций на отдельно взятых национальных рынках. Ловец вирусов. Фирменный продукт, принесший широкую известность российскому стартапу Visual Science в узких научных кругах во всем мире, – научно достоверные «портреты» смертоносных вирусов. Оказывается, и на этом

можно зарабатывать, как доказал основатель компании Иван Константинов. Прощай, немытая картошка! Эту битву за сердца и деньги потребителя можно наблюдать в супермаркетах каждый день: немытая российская картошка против мытой и красиво упакованной импортной. Импортная – особенно зимой – побеждает с заметным отрывом, хотя дороже минимум в четыре-пять раз... Что российские картофелеводы делают

не так? Оцифрованный странник. В менеджменте все вертится вокруг цифр и показателей. Наверное, поэтому среди предпринимателей и управленцев так много людей, искренне верящих в магию цифр и красивые номера. О том, можно ли извлечь из нумерологии знания, полезные в бизнесе, – профессор Александра Кочеткова в своей «открытой лекции». Достояние республики. В Якутии тихо и незаметно для

остальной страны случился настоящий кинокбум: малобюджетные фильмы местного производства побеждают в прокате голливудские блокбастеры. Как это произошло? Вверх по спирали. Как в Томской области строят свою Кремниевую долину по рецептам американского профессора. Инновации в головах. В Томске любят повторять, что местные вузы и научные учреждения –

градообразующие предприятия. Достаточно сказать, что бюджет одного лишь Томского политехнического университета превосходит городской: 7,2 млрд рублей против 6,4 млрд. Как в регионе обстоят дела с коммерциализацией научного потенциала? Персонал на автомате. Умный софт не способен полностью заменить HR-специалиста в компании. Зато может сильно

автоматизировать его труд. Как минимум это сделает HR-департамент гораздо компактнее, как максимум – позволит собрать «звездный» коллектив и остановить текучку кадров. Ставка на черное. Основатель магазина инновационных гаджетов MadRobots Николай Белоусов – о том, как сделать «черную пятницу» и другие распродажи вдвойне эффективнее. Кредит гарантирован. О том,

как именно новый институт развития – Агентство кредитных гарантий – может облегчить малому и среднему бизнесу доступ к заемному финансированию, – в интервью его руководителя Галины Изотовой. Когда бумага не стерпит. Сокращаем издержки с помощью новых решений по управлению услугами печати и документооборотом. Пастораль для дилера. Идея общинного хозяйствования как

способа минимизировать издержки была реализована на авторынке в формате дилерской деревни – территории, на которой компактно размещаются автосалоны различных брендов. Смогут ли автодилеры пересидеть кризис в таких «деревнях»? Дедомобиль. В преддверии Нового года у «Бизнес-журнала» появилось архиважное дело в рамках рубрики, посвященной тест-драйвам коммерческого

транспорта: подобрать достойный автомобиль для Деда Мороза и его команды. Молодое столичное event-агентство «За гранью» / Event Beyond остро нуждалось в своей первой разъездной корпоративной машине. Почему бы не помочь? Монокультура – путь к разорению. О том, почему упрощение несовместимо с жизнью, – в колонке «знатока» Анатолия Вассермана. "Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-

evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development."--Foreword.
