The first volume of this Biography has received flattering reviews from critics on the staff of the Nation, the Virginia Quarterly Review, the Boston Transcript and the London Times. Both Gamaliel Bradford and William E. Dodd have been warm in their commendation of the second volume. In this volume Mrs. Rowland had written a charming and accurate historical narrative of the Southern Confederacy in which the wife of Jefferson Davis played a part that holds and fascinates the reader. The narrative written in an easy, graceful yet frank and forceful style, places the work among the year's important contributions to American biography.

What does it mean to be a westerner? With all the mythology that has grown up about the American West, is it even possible to describe "how it was, how it is, here, in the West—just that," in the words of Lynn Stegner? Starting with

that challenge, Stegner and Russell Rowland invited several dozen members of the western literary tribe to write about living in the West and being a western writer in particular. West of 98 gathers sixty-six literary testimonies, in essays and poetry, from a stellar collection of writers who represent every state west of the 98th parallel—a kind of Greek chorus of the most prominent voices in western literature today, who seek to "characterize the West as each of us grew to know it, and, equally important, the West that is still becoming." In West of 98, western writers speak to the ways in which the West imprints itself on the people who live there, as well as how the people of the West create the personality of the region. The writers explore the western landscape—how it has been revered and abused across centuries—and the inescapable limitations its aridity puts on all dreams of conquest and development. They dismantle the boosterism of manifest destiny and the cowboy and mountain man ethos of every-man-for-himself, and show instead how we must create new narratives of cooperation if we are to survive in this spare and beautiful country. The writers

seek to define the essence of both actual and metaphoric wilderness as they journey toward a West that might honestly be called home. A collective declaration not of our independence but of our interdependence with the land and with each other, *West of 98* opens up a whole new panorama of the western experience.

As a young girl, Sacajawea was separated from her family when she was captured by a band of Minnetaree warriors and taken to be their slave. Several years later, she was bought by a French fur trader to be his wife. Then, in 1804, when she was only sixteen years old, Sacajawea met Lewis and Clark. Carrying her infant son on her back, Sacajawea helped guide the famous team of explorers through the uncharted terrain of the western United States. Her courageous efforts made an important contribution to America's history.

The true story of how a scientist saved the planet from environmental disaster. Mexican American Mario Molina is a modern-day hero who helped solve the ozone crisis of the 1980s. Growing up in Mexico City, Mario was a curious boy who studied hidden worlds through a microscope. As a young man in California, he discovered that CFCs, used in millions of refrigerators and spray cans, were tearing a hole in the earth's protective ozone layer. Mario knew the world had to be warned--and quickly. Today Mario is a Nobel laureate and a recipient of the Presidential Medal of Freedom. His inspiring story gives hope in the fight against global warming.

"A shattering portrait of

addiction—generously open, desperately honest and confronting." —Catherine Cho, author of *Inferno: A Memoir of Motherhood and Madness* An electrifying debut memoir of a pastor's son chronicling his loss of faith, his addiction to heroin and our universal quest to find something to believe in Matt Rowland Hill had two great loves in his life: Jesus and heroin. The son of an evangelical minister, Hill grew up with an unwavering devotion to the tenets of his parents' Baptist church. But by high school, he began to experience a crisis of faith. To fill the void, he turned to literature, and then to heroin and cocaine. By his twenties, Hill's substance abuse escalated into a full-on addiction. As he grew increasingly suicidal, he knew he had to come to terms with both religion and drugs to survive. Hill's debut is an extraordinary, gorgeously crafted memoir of faith, family, loss, shame and addiction. But ultimately, *Original Sins* is a raw portrait of survival—of growing up and learning how to live.

Some mountains are high; some mountains are hard. Few are both. On the afternoon of 13 July 1977, having become the first climbers to reach the summit of the Ogre, Doug Scott and Chris Bonington began their long descent. In the minutes that followed, any feeling of success from their achievement would be overwhelmed by the start of a desperate fight for survival. And things would only get worse. Rising to over 7,000 metres in the centre of the Karakoram, the Ogre - Baintha Brakk - is notorious in mountaineering circles as

one of the most difficult mountains to climb. First summited by Scott and Bonington in 1977 - on expedition with Paul 'Tut' Braithwaite, Nick Estcourt, Clive Rowland and Mo Anthoine - it waited almost twenty-four years for a second ascent, and a further eleven years for a third. The Ogre, by legendary mountaineer Doug Scott, is a two-part biography of this enigmatic peak: in the first part, Scott has painstakingly researched the geography and history of the mountain; part two is the long overdue and very personal account of his and Bonington's first ascent and their dramatic week-long descent on which Scott suffered two broken legs and Bonington smashed ribs. Using newly discovered diaries, letters and audio tapes, it tells of the heroic and selfless roles played by Clive Rowland and Mo Anthoine. When the desperate climbers finally made it back to base camp, they were to find it abandoned - and themselves still a long way from safety. The Ogre is undoubtedly one of the greatest adventure stories of all time.

Montana, 1968: The small town of Paradise Valley is ripped open when popular rancher and notorious bachelor Tom Butcher is found murdered one morning, beaten to death by a baseball

bat. Suspicion among the tight-knit community immediately falls on the outsider, Carl Logan, who recently moved in with his family and his troubled son Roger. What Carl doesn't realize is that there are plenty of people in Paradise Valley who have reason to kill Tom Butcher. Complications arise when the investigating officers discover that Tom Butcher had a secret--a secret he kept even from Junior Kirby, a lifelong rancher and Butcher's best friend. As accusations fly and secrets are revealed one after another, the people of Paradise Valley learn how deeply Tom Butcher was embedded in their lives, and that they may not have known him at all. With familiar mastery, Russell Rowland, the author of *In Open Spaces* and *Fifty-Six Counties*, returns to rural Montana to explore a small town torn apart by secrets and suspicions, and how the tenuous bonds of friendship struggle to hold against the differences that would sever us.

Award-winning author Laura Joh Rowland is back with the sixth in her critically acclaimed Victorian Mystery series in which Sarah must search for the killer of a woman she found murdered on a train all the while waiting for the verdict of her father's trial for heinous crimes committed two decades earlier. London, November 1890. Crime scene photographer Sarah Bain Barrett faces a perfect storm of events. She and her husband Detective Sergeant Barrett are riding on a train that crashes. While rescuing other passengers, they find a woman who's been strangled to death. Their search for her identity and her killer lead them to Cremorne Gardens, a seedy riverside pleasure park that's a combination carnival, theater, freak show, and museum of oddities. It's

among the most challenging cases that Sarah, Barrett, and her friends Lord Hugh Staunton and Mick O'Reilly have ever undertaken. The suspects include a dwarf, a female acrobat, and a member of the Royal Family. Due to the royal connection, the police commissioner declares the case top-secret. Sarah and company must investigate on the quiet, keeping the suspects, the press, and the public in the dark. That's easier said than done. The investigation is complicated by the injury Hugh sustained during their last case, Mick's romance with a woman who has psychic powers, and Barrett's old flame. Meanwhile, Sarah's father Benjamin Bain goes on trial for a rape and murder that happened more than two decades ago. The victim was a teenage girl named Ellen Casey. Is Benjamin Bain as innocent as he claims? Sarah has serious doubts. The trial is the scandal of the year, a media blitz. The outcome--and the truth about the murder on the train--are beyond Sarah's wildest imaginings. What dangerous secrets are hidden behind the tawdry glamor of Cremorne Gardens? Is Benjamin Bain wrongly accused, or a guilty sinner who deserves to be hanged?

Set in the vast and unforgiving prairie of eastern Montana from 1916 to 1946, *In Open Spaces* is the compelling story of the Arbuckle brothers: George, a rising baseball star who mysteriously drowns in the river Jack, a World War I veteran who abandons his family only to return to reclaim the family ranch Bob, the youngest brother, whose marriage to Helen creates a fault line between him and the rest of his family Blake, a shrewd, observant man burdened with growing suspicions of Jack's role in his brother's death. With breathtaking descriptions of

the Montana landscape, Russell Rowland masterfully weaves a fascinating tale of the psychological wars that can rip a family apart...and, ultimately, the redemption that can bring them back together.

Over recent years biographical studies have gained an increasingly important place in academic study. The two are inextricably linked. Education uses biography in teaching, and in biography, education features strongly as a formative stage in personal development. This book elaborates on the analytical work that has drawn attention to biography and education, and seeks to expand the understanding of lives in educational contexts.

Mainstream sociology has been quick to embrace this treatment of individuals as biographical appearances, but it is even more relevant in the field of education.

"Readers curious about the making of Renaissance art, its cast of characters and political intrigue, will find much to relish in these pages." —Wall Street Journal  
Giorgio Vasari (1511–1574) was a man of many talents—a sculptor, painter, architect, writer, and scholar—but he is best known for *Lives of the Artists*, which singlehandedly established the canon of Italian Renaissance art. Before Vasari's extraordinary book, art was considered a technical skill, and artists were mere decorators and craftsmen. It was through Vasari's visionary writings that Raphael, Leonardo, and Michelangelo came to be regarded as great masters of life as well as art, their creative genius celebrated as a divine gift. Lauded by Sarah Bakewell as "insightful, gripping,

and thoroughly enjoyable," The Collector of Lives reveals how one Renaissance scholar completely redefined how we look at art.

Roderick Hudson (Annotated - Includes Essay and Biography) Yearling

Marking the 225th anniversary of loyalist landings in Canada, this important and comprehensive history is essential reading on the shaping of our country. The few hundred loyalists who gathered at Roubalet's Tavern in New York on the night of Saturday, November 16, 1782, shared a vision of the future intended to sustain them through the nightmare of the present. Abandoned by the king to whom they had promised their loyalty, unwelcome in the land that had so recently been theirs, they had no choice but to flee. But to where? And for what? Their dream was to build a new and improved New York City. They would do this on the rocky shores of Roseway Bay, on the south coast of Nova Scotia, beside one of the best harbours in the world. The city would be cosmopolitan, but more refined, more royal, more loyal, and certainly more exclusive than the one they were now preparing to leave behind forever. At first, it seemed

as if their dream would come true. Within the decade, however, Shelburne was a wasteland of abandoned homes and shops. What happened? Plagued by drought, fires, and poor land quality, Shelburne's fortunes quickly fell. Vividly told through the intertwined narratives of an eclectic collection of its early settlers, Loyalists and Layabouts is the fascinating story of Shelburne's "rapid rise and faster fall."

How London was bought and sold by the Super-Rich, and what it means for the rest of us Who owns London? Today, the city is the epicentre of the world's financial markets, an elite cultural hub, and a place to hide one's wealth. In Alpha City, Rowland Atkinson tells the story of eager developers, sovereign wealth, and grasping politicians, all of which paved the way for the plutocratic colonisation of the cityscape. Atkinson moves through the gated communities and the mega-houses of the urban elite, charting how the rich live and their influence on the disturbing rise in evictions and displacements from the city. The book, fully updated, also looks at the capital's prospects in the aftermath of Brexit and the pandemic, showing how the super-rich may capitalise on the crisis, increasing inequality and hardship.

Giordano Bruno is one of the great figures of early modern Europe, and one of the least understood. Ingrid D. Rowland's pathbreaking life of Bruno establishes him once and for all as a peer of Erasmus, Shakespeare, and Galileo, a thinker whose vision of the world prefigures ours. By the time Bruno was burned at the stake as a heretic in

1600 on Rome's Campo dei Fiori, he had taught in Naples, Rome, Venice, Geneva, France, England, Germany, and the "magic Prague" of Emperor Rudolph II. His powers of memory and his provocative ideas about the infinity of the universe had attracted the attention of the pope, Queen Elizabeth—and the Inquisition, which condemned him to death in Rome as part of a yearlong jubilee. Writing with great verve and sympathy for her protagonist, Rowland traces Bruno's wanderings through a sixteenth-century Europe where every certainty of religion and philosophy had been called into question and shows him valiantly defending his ideas (and his right to maintain them) to the very end. An incisive, independent thinker just when natural philosophy was transformed into modern science, he was also a writer of sublime talent. His eloquence and his courage inspired thinkers across Europe, finding expression in the work of Shakespeare and Galileo. Giordano Bruno allows us to encounter a legendary European figure as if for the first time.

*The Story of Sacajawea* Golgotha Press Classic Books Library presents this brand new edition of the "Narrative of the Captivity and Restoration of Mrs. Mary Rowlandson" (1682). Mary Rowlandson (c. 1637-1711), nee Mary White, was born in Somerset, England. Her family moved to the Massachusetts Bay Colony in the United States, and she settled in Lancaster, Massachusetts, marrying in 1656. It was here that Native Americans attacked during King Philip's War, and Mary and her three children were taken hostage. This text is a profound first-hand account written by Mary detailing the experiences and conditions of her capture, and chronicling how she endured the 11 weeks in the wilderness

under her Native American captors. It was published six years after her release, and explores the themes of mortal fragility, survival, faith and will,

and the complexities of human nature. It is acknowledged as a seminal work of American historical literature.
