## CAMRYN VAZQUEZ

*The Little Free Library Book* National Geographic Books  
Leave a Cheater, Gain a Life is a no-nonsense self-help guide for anyone who has ever been cheated on. Here's advice not based on saving your relationship after infidelity—but saving your sanity. When it comes to cheating, a lot of the attention is focused on cheaters—their unmet needs or their challenges with monogamy. But Tracy Schorn (aka Chump Lady) lampoons such blameshifting and puts the focus squarely on the-cheated-upon (chumps) and their needs. Combining solid advice that champions self-respect, along with hilarious cartoons satirizing the pomposity of cheaters, Leave a Cheater, Gain a Life offers a fresh voice for chumps who want (and need) a new message about infidelity. This book will offer advice on Stupid sh\*t cheaters say and how to respond, Rookie mistakes of the recently chumped and how to disarm your fears, Why chumps take the blame and how to protect yourself, and more. Full of snark, sass, and real wisdom about how to bounce back after the gut blow of betrayal, Schorn is the friend who guides you through this nightmare and gives you hope for a better life ahead.

*Don't Leave the Story in the Book* Morgan James Publishing  
The marriage relationship is real. Yet, unlike all other relationships, it provides an unparalleled opportunity for the believer to both appreciate and demonstrate God's patience, long suffering, grace, and love toward their spouse. But, what about sacrifice, sound stewardship, and urgency? Learning to trust God, relax, and develop confidence in yourself and in each other are the first steps toward growth in your marriage! Corey L. Feimster, MA Ed., BSNatasha Feimster, MSA, BA

**What DO Teachers Do (after YOU Leave School)?** Notion Press

Should I Leave My Relationship or Not? helps women decide if they should stay or leave their relationship. Constantly wondering and not knowing feels terrible. Should I Leave My Relationship or Not? provides women with the needed tools to figure out what exactly is the right move for them, and not just a pro/con list (which is a terrible way to decide). Life coach Karen Lin shares her blueprint for a simple and kind path forward. In Should I Leave My Relationship or Not?, women learn how to: Make a decision free from guilt or fear Stop torturing themselves with doubt and uncertainty Evaluate if they will ever get what they need from the relationship Handle the emotional burden of figuring out what to do Create the conditions to be confident in the outcome  
*Jennifer Jones Won't Leave Me Alone* iUniverse

"The Lord slew every firstborn in the land of Egypt. Exo.12:29. God is a killer of innocent children. The Holy Ghost, Jesus and God is said to be one entity. If there is only one God did Jesus father himself? Most Christians are familiar with only a few selected verses of the Bible that are repeated endlessly without much understanding. May I Leave Heaven If I Get Bored? points out the lesser-known dark and morbid aspects of the Bible that congregations never hear from religious leaders. Alexander Bless asks controversial questions for believers as well as non-believers to consider. What was God doing before creation? If God created everything out of nothing (Gen.1: 1) did He exist in the middle of nothing? Was He the only "something" in nothing? In the flood story God destroyed humans as punishment for their sins. Why did He also destroy animals? Why did God create humans with all their human failings and then punish them for it? Why do you have to fear God? How can you love God if you fear Him? If a Muslim converts to Christianity and dies does he go to Muslim hell or Christian heaven?

*On Leave* Carolrhoda Books ®

The essential guide for enjoying the outdoors without harming the environment.

*Secession* Random House

Sharing principles that work, these wise counselors offer parents the chance to build solid, memory-filled family relationships today that will encourage their children tomorrow to return to where love is freely given -- home.

*Human Hacking* Sue Gerard

How do you say goodbye to your best friend? When a little hedgehog's family tells her they're moving far away, she and her anteater best friend decide to play one last time, like nothing is changing. And though it's hard, they discover that while some things have to change, the most important things find a way of working out.

**Rebuilding Hope with Love** Independently Published

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

*French Leave* Hachette UK

LFL history, quirky and poignant firsthand stories, a resource guide, and some of the most creative and inspired LFLs around.  
*Just leave the dishes* Penguin

The ambitious 15-year agenda known as the Sustainable Development Goals, adopted in 2015 by all members of the United Nations, contains a pledge that "no one will be left behind." This book aims to translate that bold global commitment into an action-oriented mindset, focused on supporting specific people in specific places who are facing specific problems. In this volume, experts from Japan, the United States, Canada, and other countries address a range of challenges faced by people across the globe, including women and girls, smallholder farmers, migrants, and those living in extreme poverty. These are many of the people whose lives are at the heart of the aspirations embedded in the 17 Sustainable Development Goals. They are the people most in need of such essentials as health care, quality education, decent work, affordable energy, and a clean environment. This book is the result of a collaboration between the Japan International Cooperation Research Institute and the Global Economy and Development program at Brookings. It offers practical ideas for transforming "leave no one behind" from a slogan into effective actions which, if implemented, will make it possible to reach the Sustainable Development Goals by 2030. In addition to policymakers in the field of sustainable development, this book will be of interest to academics, activists, and leaders of international organizations and civil society groups who work every day to promote inclusive economic and social progress.

*Memories, Don't Leave Me Behind* Everyman Paperback Classics  
*Unfinished Business* documents the history and impact of California's paid family leave program, the first of its kind in the United States, which began in 2004. Drawing on original data from fieldwork and surveys of employers, workers, and the larger California adult population, Ruth Milkman and Eileen Appelbaum analyze in detail the effect of the state's landmark paid family leave on employers and workers. They also explore the implications of California's decade-long experience with paid family leave for the nation, which is engaged in ongoing debate about work-family policies. *Unfinished Business* exposes the process by which California workers and their allies built a coalition to win passage of paid family leave in the state legislature, and lays out the lessons for advocates in other states and localities, as well as the nation. Because paid leave enjoys extensive popular support across the political spectrum, campaigns for such laws have an excellent chance of success if some basic preconditions are met. Do paid family leave and similar programs impose significant costs and burdens on employers? Business interests argue that they do and routinely oppose any and all legislative initiatives in this area. Once the program took effect in California, this book shows, large majorities of employers themselves reported that its impact on productivity, profitability, and performance was negligible or positive. Milkman

and Appelbaum demonstrate that the California program is well managed and easy to access, but that awareness of its existence remains limited. Moreover, those who need the program's benefits most urgently—low-wage workers, young workers, immigrants, and disadvantaged minorities—are least likely to know about it. As a result, the long-standing pattern of inequality in access to paid leave has remained largely intact.

*Home I Leave Behind Me* Grand Central Publishing  
Chris Kriegstein is a man on the move, with a global career that catapults his family across North America, Europe, and Asia. For his wife, Elise, the hardship of chronic relocation is soothed by the allure of reinvention. Over the years, Elise shape-shifts: once a secretive Southern Baptist, she finds herself becoming a seasoned expat in Shanghai, an unapologetic adulterer in Thailand, and, finally, a renowned interior decorator in Madison. But it's the Kriegstein daughters, Leah and Sophie, who face the most tumult. Fiercely protective of each other--but also fiercely competitive--the two sisters long for stability in an ever-changing environment. With each new move, the girls find they can count on only one thing: the consoling, confounding presence of each other. When the family suffers an unimaginable loss, they can't help but wonder: Was it meant to be, or did one decision change their lives forever? And what does it mean when home is everywhere and nowhere at the same time? With humor and heart, Brittani Sonnenberg chases this wildly loveable family through the excitement and anguish of their adventures around the world.

*Leave No One Behind* Roaring Brook Press

"Whether making my heart melt or my head burst into flames, Annabeth Albert draws the reader in and keeps them captivated." —Gay Book Reviews The sexy Navy chief and his best friend's adorkable little brother... It's petty, but Naval Chief Derrick Fox wishes he could exact a little revenge on his ex by showing off a rebound fling. His submarine is due to return to its Bremerton, Washington, home base soon and Derrick knows all too well there won't be anyone waiting with a big, showy welcome. Enter one ill-advised plan... Arthur Euler is the guy you go to in a pinch—he's excellent at out-of-the-box solutions. It's what the genius music-slash-computer nerd is known for. So when he finds out Derrick needs a favor, he's happy to help. He can muster the sort of welcome a Naval Chief deserves, no problem at all. Except it is a problem. A very big problem. When Arthur's homecoming welcome is a little too convincing, when a video of their gangplank smooch goes enormously viral, they're caught between a dock and a hard place. Neither of them ever expected a temporary fake relationship to look—or feel—so real. And Arthur certainly never considered he'd be fighting for a very much not-fake forever with a military man. Also from Annabeth Albert: *Out of Uniform* Book 1: Off Base Book 2: At Attention Book 3: On Point Book 4: Wheels Up Book 5: Squared Away Book 6: Tight Quarters Book 7: Rough Terrain Hotshots Book 1: Burn Zone Book 2: High Heat Book 3: Feel the Fire Book 4: Up in Smoke Carina Adores is home to highly romantic contemporary love stories where LGBTQ+ characters find their happily-ever-afters. Discover a new Carina Adores book every month!

**And Just When I Thought We Were Friends You Leave Me Here To Die In This Shithole Thanks A Lot Bitch** Capstone

What does it mean to "leave quietly"? It means making the worst mistake of your life. By leaving quietly, you inflict unspeakable harm on your children and grandchildren. The battle is raging. Two realms are seeking to influence the natural world—light and darkness. There is no middle ground. Depending on how you participate in life, either Heaven or Hell will advance its agenda into the Earth. The Holy Spirit is trying to show us what is at stake. He is trying to create something that will stop an evil every bit as hideous as Hitler. His voice is crying out to everyone, from celebrity pastors to Christian billionaires to everyday believers. He is ordering us to toss aside petty squabbles and build a movement that can destroy the nameless horror we face. Mario Murillo is a bestselling author, popular blogger, and minister of the Gospel. As an evangelist for nearly 50 years, Murillo has weathered many cultural shifts, but his message has remained steadfast. In the midst of our current cultural climate, God is seeking to raise an army of prophetic people whose voices shape the direction of the nation. Do Not Leave Quietly is a prophetic war cry for every reader to: Be ignited with a holy resolve to stop the enemy's plans. Expose and defeat woke and cancel cultures, and win the war on our freedom. Activate the key to seeing signs and wonders to impact your community. Advance the light of God's Kingdom in the spheres of influence you are called to impact. Lord, let me use the rest of my life to strike terror into the heart of evil! Say that prayer. Make it your own. If you can do that with faith and sincerity, then you are ready to read this book.

*Kill 'em and Leave* Carina Press

I Hate You-- Don't Leave Me St. Martin's Griffin

What They Are Saying About BREAKING THE RULES; TALES OF A PATERNITY LEAVE DAD "Jerry became the beacon of hope for dads throughout the country, if not the word because of his historic decision to put his family first. His journey down the path of parenting and being granted the first paternity leave will have a lasting effect on future national and global policies. Granting Jerry a paternity leave was one of the most profound decisions made by me and unanimously by members of the New York City Central Board of Education. Reading his Fun Book about how he raised his children, well, it was a treasured experience." Steve Aiello, Past President of the New York City Board of Education. "A story well told, with humor and sensitivity by the father awarded the first paternity leave from the New York City Board of Education 45 years ago." Dr. Hazel Dukes "" Past National President and Board Member, NAACP "Nothing is more important than our relationship with our families. It is the foundation for all we do. This book embraces those relationships and offers insight, encouragement and some humor that enriches us all. Jerry Cammarata is the Godfather of modern parenting." Nicholas Pileggi, Producer, author, and screenwriter. Among his notable works are Goodfellas, Casino, Father Hood, Blye, Private Eye, and City Hall.

"Jerry's story provides reassurance by both Moms and Dads, especially in today's online world, that rule books and how-to-guides are not needed for parents or children, and that the greatest joy of parenting is making it up as you go along." Ron Kuby, Civil Rights Lawyer & former Radio Talk Show Host. "Jerry Cammarata has again written of the most essential books for parents and their children." Stan Corwin, author of THE CREATIVE WRITER'S COMPANION. "Government needs to listen to what Dr. Cammarata is saying about being able to enjoy parenting. Government and business must see the family as the center of our culture which will be the future success of our nation. Working toward a national family leave policy is another moment in our civil rights journey. Jerry gets it." David Paterson, Former Governor of New York. "What a marvelous story about finding human parenting skills through observing the animal kingdom, and to better understand how best to live on this planet. Every parent should read this book." Marilyn Vasta, Climate Activist and Psychotherapist.

Unfinished Business Spiegel & Grau

Nursing assistants are an important part of the healthcare team in hospitals. However, there has been little research about the antecedents of job satisfaction and intent to leave of nursing assistants in hospitals. The limited amount of research related to job satisfaction of nursing assistants has been done with nursing assistants in nursing homes. The purpose of this study was to examine the relationship between job satisfaction and intent to leave in hospital based nursing assistant in North Carolina. In addition, the influence of personal characteristics, role related characteristics and job characteristics were examined. The study used a descriptive correlational survey design using the Hospital Nursing Assistant Job Satisfaction Questionnaire. Participants in this study were most satisfied with the work content, coworkers, workplace support, and work schedule. Data revealed a significant relationship between intent to leave, education level

and hospital tenure. The strongest predictors for job satisfaction were work schedule, coworkers, chances for more training, and on the job training. The strongest predictors for intent to leave were workplace support, work schedule, and recommend the hospital to a friend. This study represents a beginning understanding of the factors that are associated with job satisfaction and intent to leave of nursing assistants in the hospital setting. Job satisfaction and intent to leave variables have been identified and need further examination to insure that nursing assistants are retained and productive members of the healthcare team.

Dear Santa, Just Leave Your Credit Card Under the Tree! Farrar, Straus and Giroux

It is December 1956 and three soldiers - a sergeant, a corporal and a private - are on leave in Paris. As they make their way through the city, drinking, gambling and raging against a war they're forced to fight in a faraway place, they come to realize they are strangers in their own country. Lachaume, the middle-class intellectual, is estranged from his wife and unrecognizable to his bourgeois friends. Valette, a Communist, feels betrayed by his party, while the streetwise rebel Lasteyrie just wants to pick up a girl who'll help him forget. What they have to say about the things they've seen can't be heard; can't even be spoken. On Leave, published in 1957 as France's engagement in Algeria became ever more bloody, vividly describes the shame, isolation and terror felt by men returning from an unpopular war. With no outcome to the conflict in sight, the book's power to disturb was too much to bear and it disappeared from view. Now, through David Bellos's translation, this lost classic has been rediscovered. Spare, forceful and full of feeling, informed by the many hours Daniel Anselme spent talking to conscripts in Paris, On Leave is a searing evocation of what it means to be a soldier. It also enriches our sense of how France contended with one of the darkest moments of its postwar history.
