*Amazing Stories of Vyasa Book 7 Pan*

"The Rig Veda is not only one of the oldest sacred scriptures of the world, but also one of the most misunderstood. Past scholarship has dismissed the hymns of the Rig Veda as being expressions of a primitive animistic mentality that only rarely rose to true spiritual and philosophical heights. David Frawley's book demonstrates that this judgmental view is ill-founded. His fine renderings of select Vedic hymns bear witness to the fact that their composers were sages and seers--powerful poets who knew the art of symbolic and metaphoric communication. The Vedic hymns give us a unique glimpse not into a primitive mentality but a mentality and culture that revolved around the highest spiritual values and visions. This is an important and riveting book, ushering in a new and sounder tradition of Vedic interpretation and scholarship." Georg Feuerstein

The King Yayati Simon and Schuster

A practical guide to simple daily techniques for rapid spiritual progress • Explores 11 time-tested methods for spiritual advancement and how you only need to include 7 each day for spiritual growth and personal enlightenment • Includes wisdom from spiritual masters from nearly every religion, including Christianity, Buddhism, Hinduism, and more • Offers routines, tips, and tricks to keep you on track, mantras for success and sacred connection, and exercises to apply these spiritual lessons in your everyday life Enlightenment means becoming a light unto yourself. But how does one get on the path to enlightenment? In this practical spiritual guide, Simon Chokoisky shares 11 time-tested yet simple daily techniques to help you find your spiritual path, or "dharma," no matter what your spiritual background--be it Christian, Hindu, Buddhist, or Agnostic. He explains how everyone has a unique learning style as well as a spiritual style--your "Dharma type"--and how the Dharma method allows you to pick any seven of the 11 methods described in the book to practice. You can even change them daily, all based on your unique needs. And by holding to the 7/11 "rule" daily, you'll soon find yourself on the road to rapid spiritual progress and personal enlightenment. In this book, the author explains how he distilled these 11 spiritual techniques from centuries of methods used by spiritual masters from around the world. He details the 5 different Dharma types and provides personality tests to determine your type. He provides routines, tips, and tricks to keep you on track as well as thoughtful exercises to help you apply spiritual principles in your everyday life. He explores how to apply the commandments of the Judeo-Christian tradition, the Yoga Yamas and Niyamas, and the Buddhist 8-fold path based on your Dharma type. He discusses the power of sound and how to use mantras for success and sacred connection. He also explains the best ways to purify your body and mind as well as how to create a "standing wave" of spiritual power to recharge yourself anytime

during the day. Showing how spirituality is inherent in each of us and is abundant, free, and easy to cultivate, the author reveals how you can best cultivate your spiritual light and share it with the world.

East by West Quest Books

The Vedic tradition of India is rooted in Sanatana Dharma, the eternal and universal truths that are beneficial to everyone. It includes many avenues of self-development that an increasing number of people from the West are starting to investigate and use, including: Yoga Meditation and spiritual practice Vedic astrology Ayurveda Vedic gemology Vastu or home arrangement Environmental awareness Vegetarianism Social cooperation Global peace And much more Vedic Culture shows the advantages of the Vedic paths of improvement and self-discovery that you can use in your own life to attain personal awareness, happiness, and fulfillment. It also provides a new view of what these avenues have to offer from some of the most prominent writers on Vedic culture in the West, who discovered how it has affected and benefited their own lives. For the benefit of individuals and for social progress, the Vedic system is as relevant today as it was in ancient times. Discover why there is a growing renaissance in what the Vedic tradition has to offer in Vedic Culture.

A Flight of Delight VIVASWAAN

Panchanga is an ancient vedic technique which has disappeared from current practice. It is used to discover the strength of the different sources of 'light' in the natal chart which show one's response to the challenges of life. This book shows how relevant this technique is to life.

Mystic Approach to the Veda and the Upanishad Lotus Press

Sage Vyasa was the expansion of the God Vishnu, who came in Dwaparayuga to make all the Vedic knowledge from oral tradition available in written form. Sage Parashara was the author of the first Purana, Vishnu Purana. Parashara had performed a severe penance to Lord Shiva. Shiva granted a boon that Parashara's son would be a Brahmarshi equal to Vashistha and would be famous for his knowledge. Parashara begot Vyasa with Satyavati. Satyavati, adopted daughter of the fisherman Dusharaj. She conceived and immediately gave birth to Vyasa. She kept this incident a secret, not telling even King Shantanu whom she was married to later. The eighth son of the Kuru King Shantanu and the river goddess Ganga was Devavrata known as Bhishma. Ganga took him to different realms, where he was brought up and trained by many eminent sages. Having joined his father's court, Bhishma was easily confirmed as the heir apparent. Shantanu was proud of his son and content that the future was secure. However, the king had slowly been falling in love with a fisherwoman, Satyavati, who operated the boats crossing the Yamuna. When Shantanu approached for her hand in marriage, Satyavati's father, Dasraj, refused unless he would proclaim the children born to her as his heirs. This made Shantanu despondent, and upon discovering the reason for his father's despondency, Devavrata sought out the girl's father and ceded

his claim to the throne. At this, Satyavati's father retorted that even if Devavratha gave up his claim to the throne, then took the vow of lifelong celibacy, thus sacrificing his "crown-prince" title and denying himself the pleasures of conjugal love. His father granted him the boon of Ichcha Mrityu. Bhishma took another vow that he would always see his father's image in whoever sat on the King's throne, and would thus serve the king faithfully and truthfully. Years later, in the process of finding a bride for his half-brother, the young king Vichitravirya, Bhishma abducted princesses Amba and Ambika, Ambalika by force and presented them to Satyavati for marriage to Vichitravirya. They were the daughters of Kashya, the King of Kashi. Amba sought refuge with Parasurama, who ordered Bhishma to marry Amba, telling Bhishma it was his duty. Bhishma politely refused, saying that he was ready to give up his life at the command of his teacher but not the promise that he had made. After Vichitravirya's death, his mother Satyavati sent for her first born, Rishi Veda Vyasa and asked him to father children on the widowed queens according to the prevalent custom of Niyoga. When he approached Ambika, she closed her eyes in fear. As a result the blind Dhritrashtra was born. When he approached Ambalika, she turned pale in fear. Her son Pandu was born with a pale. Ambika instead sent Parishrami, her house cleaner to Vyasa and had a healthy child Vidura. While these are Vyasa's sons, another son Shuka, born of his wife Pinjalā (Vatikā), daughter of the sage Jābāli was his true spiritual heir. Shuka appears occasionally in the story as a spiritual guide to the young Kuru princes. Vyasa categorized the primordial single Veda into three canonical collections and that the fourth one, known as Atharvaveda, was recognized as Veda only very much later. As he was, the "Splitter of the Vedas" called as Veda Vyasa. He asked Ganesha to assist him in writing epic Mahābhārata. Lord Ganesha understood the verses first before transcribing them. Thus, Vyasa narrated Mahābhārata. Large and elaborate lists given, describing hundreds of kingdoms, tribes, provinces, cities, towns, villages, rivers, mountains, forests, etc. of the Bhārata Varsha. Additionally, he gave descriptions of the military formations adopted by each side on each day, the death of individual heroes and the details of the war-races. Eighteen chapters of Vyasa's Jaya constitute the Bhagavad Gita, a sacred text in Hinduism. He wrote all the Upanishads and 18 Puranas. Read and share now...Sivkishen Ji,

The light of knowledge from this book is definitely going to illumine and enlighten the society, nation and the world. This book is a revolutionary step to usher in the golden era of ethics, morals and value-based living. - Dr. Chinmay Pandya, Vice Chancellor, Dev Sanskriti University, Haridwar, Uttarkhand, India. This book provides an insight into the ideas of the ancient Vedic tradition and how they might be applied to contemporary life. An excellent survey, I would certainly recommend it to those eager to consider a spiritual perspective on their life and career. - Dr. Herbert Daly, Senior Lecturer, Maths & Computer Science,

University of Wolverhampton, UK. Convincingly explains how to drop the ego and realize the presence of the Sentient Life Energy that is giving us life every moment and also shows us the way to experience this all-important Sentient Life Energy. - Dr. Dillibabu Vijayakumar, Scientist, DRDO, Bangalore, India. Exist as mass of Consciousness. Exist as Sentient Life Energy. Exist as Silent Awareness. For that "Be Silent." "Just Be." The goal of Vedanta can't be expressed in any simpler terms than this. - Dr. Veerappa Gowda, Professor, TIFR Centre for Applicable Mathematics, Bangalore, India. Repeatedly calling the Self or Atman as Life Energy is ingenious. Interpreting 'Chit' of Vedanta as Sentience and calling Atman as Sentient Life Energy is a masterstroke. - Dr. Guru Murthy, Dean, Spartan Health Science University, St Lucia, West Indies. The book is fascinating, reasonable and practical, all at the same time. Both an intellectual challenge and strangely, pleasantly relaxing to read. - Steven Asherman, President & CTO, Content Galaxy Inc. New York City, USA. Know the Rishis and Rishikās, the early creations and their descendents, the wise men and women of the unknown and unfathomable eons, that were the embodiments of knowledge and sublimity, purity and humanity and compassion and humility. They were great scientists, discoverers, and research guides; and inventors of food-grain to fruits and flowers; of ploughs and yoke to Āyurveda and herbal medicines; from boats and ships to road-transport and planes; of everything that we possess today, from celestial bodies to metaphysics, geometry, trigonometry, algebra and photography, and numerous other things. We are proud of them and their gifts. Know the Rishis and Rishikās that knew and taught all about the earth and universe; planets and constellation; climate, seasons and meteorology, clouds, rain, water, fire, space and soil. They gave us the ways of constructing huts and Āshramas to temples and palaces, and made us know the physical body and spiritual self, the outer reality and the inner truth, and taught us the ways of health, wealth, peace, pleasure and prosperity.

**The VEDIC approach to MANAGEMENT for sustainable LEADERHIP** Trafford Publishing

"The Secret of The Veda" by Sri Aurobindo. This book is collection of Sri Aurobindo's various writings on the Veda and his translations of some of the hymns, originally published in the monthly review 'Arya' between August 1914 and 1920. This book contains few scripts in Sanskrit language. **Personal Panchanga** Pustak Mahal

How did the universe come into being? What is the nature of God? Of the human spirit? All who seek understanding will find this book an illuminating presentation of India's oldest and most profound religious and philosophical tradition. The Wisdom of the Vedas was first published in 1931 by Kailas Press under the title India's Outlook on Life. The Theosophical Publishing House published a second edition in 1973, and again in 1980 under the Quest imprint. The present 1992 edition was edited to reflect the modern use of inclusive language, and includes an introduction by Vedic scholar David Frawley. Mr. Frawley explains to the Western reader, "The Vedas are the original scripture or source teaching of the Hindu tradition, from which its many branches of Vedanta, Yoga, and Tantra have emerged through time, and to which they all look back with reverence." The Vedas are also "...the background relative to which the Buddhist religion evolved, and Buddhism also preserves many Vedic terms and practices." The study then, of the Vedas is important to understanding many different Eastern teachings. The author is from India, and has an

unusual ability to frame the subtleties of Eastern thought for the Western world.

#### The Dharma Method Motilal Banarsidass

In this book Mahesh Prabhu presents Vedic stories in their core essence, relaying and focusing their deeper meaning, not interfering with it or reducing it to alien and superficial concepts. His stories are short, poignant, and diverse, with multiple levels of meaning, like parables, conundrums, paradoxes and axioms (sutras). He has drawn these stories from many traditional sources in Sanskrit literature and reworked them in a concise and invocative manner. They feature the names and stories of famous sages, kings, places and the peoples of old India. Such exalted figures as King Bhartrihari or the Vedantic sage Ashtavakra visit these pages and come to life again through them.

Indian mythology is vibrant and colorful and presents some of the world's best ever romantic legends. These original research contributions have a great purpose of promoting time-tested Vedic traditions cultural values to benefit the present generation. These works offer points of identity between science philosophy and spirituality and will pave the way furtherance of advance in the current scientific field. In this marvelous work, he had lucidly dealt the storyline which makes the every reader understand the true facts that are useful for a blissful living. This authentic research work on the epic King Yayati gives the Vedic Wisdom. This research work gives the important doctrines of the Vedic religion and teaches many moral stories which give simple solutions for rising above

the desires of lust, anger, and greed. This mythological story teaches the differences between the Quests for Immorality and Immortality through the seven most memorable characters being King Yayati Devayani Sharmishtha Guru Shukracharya Kacha Apsara Vishwachi and Madhavi. Kacha was steadfast and his love was brotherly and refused to marry lovely and aggressive Devayani. Sharmishtha was the princess-turned maid beating Devayani at her own game by marrying her husband Yayati. This got embroiled in the rivalry jealousy and passion between them whose dotting fathers helplessly involved. Yayati asked his five sons for exchanging their youth as he was cursed by Guru Shukracharya but Puru accepted. His lust for pleasure continued and sported with Apsara Vishwachi and gave birth to Madhavi. The beloved Madhavi was blessed to turn as a virgin after giving each birth. She mothered four great Sages Ashtaka, Pratardana, Shibi Chakravarti and Vasumanas. Apsara Vishwachi made him realize the differences between the Quests for Immorality and Immortality as God has undecaying infinite beauty alone. He understood and performed meritorious functions and reached Havens with Madhavi and her Sage sons. Sivkishen Ji lucidly dealt this Mythological storyline with visual imagery which makes the readers most interesting and fascinating and love to chew, digest and remember for ages!

Vedic mathematics is an ancient technique consisting of sixteen sutras and sixteen sub-sutras. It simplifies not only the fundamental arithmetic operations, such as multiplication and division, but also more advanced concepts such as simultaneous equations, quadratic equations, the factorization of cubic equations, and so on. This mathematical technique is rapidly emerging as a tool for students appearing in various competitive examinations, including CAT, MAT, XAT, SAT, engineering and banking examinations, where speed and accuracy play a vital role. As a bonus for students, Rajesh Kumar Thakur has also included in this book chapters for CBSE and ICSE board examinations. Written in simple and lucid language, The Essentials of Vedic Mathematics has been designed to benefit the maximum number of readers. Now you can comprehend the basics of Vedic mathematics without any help from experts.

#### **Vedic Wisdom** The Wessex Astrologer

Management is crucial - not just for individuals in leadership positions, but for anyone with responsibilities. Managing is about utilizing limited available resources to create value, generate wealth and achieve viable prosperity. While there is no shortage of appealing and entertaining definitions on the subject matter; the knowledge and approach to achieve these objectives are limited. The oldest works on management and leadership - Arthashastra and Artha Sutras - were written by the Vedic Rishis (sages) over thousands of years. These Rishis even offered Pro Bono services to the Kings; as their Rajaguru (Royal Mentors.) Some of these Rajagurus even helped to build some of the most powerful and prosperous empires of their times. Their teachings on management, leadership, and wealth creation are not driven by ephemeral processes; but by helping individuals to achieve and retain a calm mind to identify challenges, create credible strategies to achieve daunting objectives. In this book U. Mahesh Prabhu, a seasoned international media, management, and political consultant, presents as to how by knowing, understanding, and realizing, these timeless yet time-tested Vedic teachings modern individuals and leaders can achieve greater clarity, create fine opportunities, even amid great uncertainties, and attain sustainable prosperity.

#### Chanakya Kautilya Motilal Banarsidass Publ.

The Veda, while revered, has generally not been understood. The Upanishads, likewise, have been seen as a philosophical rejection

of the rituals of the Veda. In fact, both the Veda and the Upanishads are meant to be powerful spiritual guidebooks, charged with a force of realization. This book opens the mystical truths hidden in these ancient texts.

Essentials of Vedic Wisdom for Blissful Living VIVASWAAN

This book is about one of the last unresolved riddles of Indology. It is a search for the mythical Vedic Soma. What was this Soma? It was defined as a Deva-a god in the Vedic pantheon. The entire 9th Mandala of the Rig Veda is devoted to this magical Soma. Soma, however, is like the Beeja mantras (Aum, Hum, Sreem etc) of the Vedas. It was a meta-concept of extraordinary elegance and beauty. It encompassed a whole spectrum or range of meanings in that one word. In this book, the author examines in detail the Botanical aspect of Soma as a psychotropic plant; studies the biological aspect of Soma as an endogenous elixir- which he personally experienced in meditation; examines the Soma of Senses-of sight, sound, touch, taste and smell-and the Soma of Action as defined in the Geeta. The highlight of this book is the Quantum Mechanical approach to understanding the Atman and the act of seeing that generates this cosmos. This book analyses the Vedic Mahavakyas in the light of latest discoveries in Quantum Physics and neuro-biology; and the correspondences are simply amazing and revelatory. "General Bakshi explores Soma extensively in neurobiology and mind body medicine and depth psychology, and ultimately its connection to the subtle body and chakras & Agni/Kundalini, weaving modern science with yogic meditation. All these many types of Somas are part of a greater integral and universal view of the infinite and eternal reality, the Atman that is Brahman. His explanation of Soma in terms of Vedantic Mahavakyas like Tat Tvam Asi is most notable." Dr. David Frawley, Author, Vedic Acharya

*Vedic Metaphysics* Vedic Wisdom Press

This book provides an insight into the importance of astrology viz., natal, electional and horary, as well as deals with other dimensions of this science such as spirituality, spiritualism, Ayurveda, transmigration of souls, thought-reading, dreams, temple and its rituals and effects of particular sins. The work presents new theories and methods of determining success and defeat in contests and wars with the help of illustrative charts. It urges readers to avoid fatalism commonly associated with predictions and explains how one could solve riddles in life and tide over the pessimistic attitude and related psychological problems. The author has thrown fresh light on some questions like the name of the author of Prasnamarga, line of succession of his pupils, and the authorship of the Dasadhyayi. The most

significant contribution of this work is the clear exposition of the rules of Astamangala and Devaprasna, in addition to Candragupti (water-divination), martial problems, Coragrahas, Necromancy, special importance of Mandi and Dasa of its star, Kalacakradasa, etc.

**Essentials of Vedic Wisdom for Blissful Living**

editionNEXT.com

First time in the history of India, in 1958, a Sankaracarya visited West. The author, His Holiness Jagadguru Sankaracarya Sri Bharati Krsna Tirtha of Puri, went to America at the invitation of the Self Realization Fellowship, Los Angeles, to spread the message of Vedanta. This book is a compilation of some of his discourses delivered there. These discourses by a saint-yogi and master of ancient Indian scriptures, also well-versed in modern sciences, give the essentials of Vedanta. They combine authenticity of thought with simplicity of language. Being couched in the contemporary idiom they will be found to be particularly suited to the modern mind. Though addressed to American audiences, the discourses carry a message of eternal truth and of universal application. The steps of spiritual inquiry and the paths of God-realisation outlined in them will be of immense practical use to the readers in their quest for the Supreme.
