The Iron Curtain concealed from western eyes a vital group of national and regional writers. Marked by not only geographical proximity but also by the shared experience of communism and its collapse, the countries of Eastern Europe -- Poland, Hungary, Albania, Romania, Bulgaria, and the former states of Yugoslavia, Czechoslovakia, and East Germany -- share literatures that reveal many common themes when examined together. Compiled by a leading scholar, the guide includes an overview of literary trends in historical context; a listing of some 700 authors by country; and an A-to-Z section of articles on the most influential writers.

Ralph Roister Doister Walter de Gruyter

The two volumes of *The Foundations of Modern Political Thought* are intended as both an introduction to the period for students, and a presentation and justification of a particular approach to the interpretation of historical texts. -- Book Cover.

Библиографија Југославије Springer Science & Business Media

Punto, virgola, punto e virgola, due punti, punto interrogativo ed esclamativo, apostrofi, accenti, virgolette, apici: i lettori (e scrittori) di oggi sono abituati a ricorrere con disinvoltura e immediatezza a un articolato corredo di segni, per riprodurre il ritmo del parlato aiutando il lettore a decifrare un testo. Questi segnali di interpunzione, il cui uso ci appare tanto naturale, hanno tuttavia alle spalle una storia lunga e complessa. Ad esempio pare che il punto interrogativo sia stato introdotto in età carolingia e l'esclamativo risalga solo alla seconda metà del Trecento. Il Morgante di Luigi Pulci, nella versione fiorentina a stampa del 1482-83, non contiene neppure un punto. Viceversa ci sono edizioni della *Commedia* di Dante in cui l'unica interpunzione utilizzata è il punto, ma inserito alla fine di ogni terzina. E che dire del punto e virgola? il suo uso moderno a indicare una pausa più debole di quella del doppio punto e più forte di quella della virgola risale a un'edizione quattrocentesca di un testo di Pietro Bembo, mentre nei manoscritti greci il punto e virgola era usato per suggerire l'interrogativo. In questo libro alcuni dei migliori specialisti del settore raccontano usi e vicende dei più comuni fatti interpuntivi dall'antichità a oggi, in Italia e in Europa.

Media Ownership and Its Impact on Media Independence and Pluralism BRILL

This collection of studies and essays, originally delivered at a conference held at Stony Brook University, NY, in December, 2015, but greatly recast and expanded, examines aspects of the large footprint Dante has left in Western societies. In particular, they explore the dynamic of worlding that the Florentine effects on a host of authors and contexts, from radical culture-changing proposals within his own socio-cultural mileau, to his regenerative power in entire cultures, such as the Spanish, Latin American, and Albanian, to his shaping trans-national processes, such as with travel, diaspora and immigrant writers.

The Education Systems of Europe Franklin Classics

This unique handbook offers an analytical review of the education systems of all European countries, following common analytical guidelines, and highlighting the paradox that education simultaneously pursues a universal value as well as a national character. Coverage includes international student performance studies, and a comparison of education dynamics in Eastern "new Europe" with "older" western EU members. The book provides a differentiated analytical data base, and offers suggestions for further research.

Vols. for 1969- include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969-

A World History of Art Oxford University Press

First published in 1946, "Zorba the Greek," is, on one hand, the story of a Greek working man named Zorba, a passionate lover of life, the unnamed narrator who he accompanies to Crete to work in a lignite mine, and the men and women of the town where they settle. On the other hand it is the story of God and man, The Devil and the Saints; the struggle of men to find their souls and purpose in life and it is about love, courage and faith.

National Union Catalog L'Erma Di Bretschneider

Over two decades this art historical tour de force has consistently proved the classic introduction to humanity's artistic heritage. From our paleolithic past to our digitised present, every continent and culture is covered in an articulate and well-balanced discussion. In this Seventh Edition, the text has been revised to embrace developments in archaeology and art historical research, while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years, providing a new perspective on the latest developments. The insight, elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations, half of which are now in colour. These images, together with the numerous maps and architectural plans, have been chosen to represent the most significant chronological, regional and individual styles of artistic expression.

On the Revolutions of Heavenly Spheres Walter de Gruyter GmbH & Co KG

The Report is an annual report, which is presented for the first time this year. It currently comprises 25 national reports regarding each state and the tendencies of Islamophobia in each respective country.

Art Past/Art Present Laurence King Publishing

The Siege of Shkodra is a book written by a Shkodran priest, Marin Barleti (also known as Marinus Barletius), about the Ottoman siege of Shkodra in 1478, led personally by Mehmed II, and about the joint resistance of the Albanians and the Venetians. The book also discusses the Ottoman siege of Shkodra in 1474. The book was originally published in 1504, in Latin, as *De obsidione Scodrensi*. Barleti was an eyewitness of the events. The English version was published in Albania by Onufri Publishing House in 2012, coinciding with the 100th anniversary of Albania's declaration of independence. The work was translated by David Hosaflook and includes translations of Buda's introduction and notes, Merula's "The War of Shkodra," and Becikemi's panegyric. It also includes accounts of the siege of Shkodra from early Ottoman historians, new scholarly notes, the historical context by Prof. David Abulafia, new maps based on the information in the book, and appendixes including Barleti's chronology of battle events. - Wikipedia.

Concise Encyclopedia of Languages of the World Cambridge University Press

This is a research-based book that deals with a broad range of issues about mathematics teacher education. It examines teacher education programs from different societies and cultures as it

develops an international perspective on mathematics teacher education. Practical situations that are associated with related theories are studied critically. It is intended for teacher educators, mathematics educators, graduate students in mathematics education, and mathematics teachers.

Leksikon pisaca Jugoslavije Gallery Books

During the last two centuries, ethnolinguistic nationalism has been the norm of nation building and state building in Central Europe. The number of recognized Slavic languages (in line with the normative political formula of language = nation = state) gradually tallied with the number of the Slavic nation-states, especially after the breakups of Czechoslovakia, the Soviet Union and Yugoslavia. But in the current age of borderless cyberspace, regional and minority Slavic languages are freely standardized and used, even when state authorities disapprove. As a result, since the turn of the 19th century, the number of Slavic languages has varied widely, from a single Slavic language to as many as 40. Through the story of Slavic languages, this timely book illustrates that decisions on what counts as a language are neither permanent nor stable, arguing that the politics of language is the politics in Central Europe. The monograph will prove to be an essential resource for scholars of linguistics and politics in Central Europe.

The Siege of Shkodra SETA

Translated from the Jusef Vrioni's French version of the Albanian original, this is the author's own vision of totalitarianism.

The Civilisation of the Period of the Renaissance in Italy Springer

Concise Encyclopedia of Languages of the World is an authoritative single-volume reference resource comprehensively describing the major languages and language families of the world. It will provide full descriptions of the phonology, semantics, morphology, and syntax of the world's major languages, giving insights into their structure, history and development, sounds, meaning, structure, and language family, thereby both highlighting their diversity for comparative study, and contextualizing them according to their genetic relationships and regional distribution. Based on the highly acclaimed and award-winning *Encyclopedia of Language and Linguistics*, this volume will provide an edited collection of almost 400 articles throughout which a representative subset of the world's major languages are unfolded and explained in up-to-date terminology and authoritative interpretation, by the leading scholars in linguistics. In highlighting the diversity of the world's languages — from the thriving to the endangered and extinct — this work will be the first point of call to any language expert interested in this huge area. No other single volume will match the extent of language coverage or the authority of the contributors of *Concise Encyclopedia of Languages of the World*. * Extraordinary breadth of coverage: a comprehensive selection of just under 400 articles covering the world's major languages, language families, and classification structures, issues and disputes * Peerless quality: based on 20 years of academic development on two editions of the leading reference resource in linguistics, *Encyclopedia of Language and Linguistics* * Unique authorship: 350 of the world's leading experts brought together for one purpose * Exceptional editorial selection, review and validation process: Keith Brown and Sarah Ogilvie act as first-tier guarantors for article quality and coverage * Compact and affordable: one-volume format makes this suitable for personal study at any institution interested in areal, descriptive, or comparative language study - and at a fraction of the cost of the full encyclopedia **Trionfi** Arcade Publishing

CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students, researchers and practitioners in all of the social and language-related sciences carefully selected book-length publications dealing with sociolinguistic theory, methods, findings and applications. It approaches the study of language in society in its broadest sense, as a truly international and interdisciplinary field in which various approaches, theoretical and empirical, supplement and complement each other. The series invites the attention of linguists, language teachers of all interests, sociologists, political scientists, anthropologists, historians etc. to the development of the sociology of language.

Lives of the Most Eminent Painters, Sculptors, and Architects Prometheus Books

"If the Balkans hadn't existed, they would have been invented" was the verdict of Count Hermann Keyserling in his famous 1928 publication, *Europe*. Over ten years ago, Maria Todorova traced the relationship between the reality and the invention. Based on a rich selection of travelogues, diplomatic accounts, academic surveys, journalism, and belles-lettres in many languages, *Imagining the Balkans* explored the ontology of the Balkans from the sixteenth century to the present day, uncovering the ways in which an insidious intellectual tradition was constructed, became mythologized, and is still being transmitted as discourse. Maria Todorova, who was raised in the Balkans, is in a unique position to bring both scholarship and sympathy to her subject, and in

a new afterword she reflects on recent developments in the study of the Balkans and political developments on the ground since the publication of *Imagining the Balkans*. The afterword explores the controversy over Todorova's coining of the term Balkanism. With this work, Todorova offers a timely, updated, accessible study of how an innocent geographic appellation was transformed into one of the most powerful and widespread pejorative designations in modern history.

Studime Ilire David Hosaflook

The Bektashi dervish order is a Sufi Alevite sect found in Anatolia and the Balkans with a strong

presence in Albania. In this, his final book, Robert Elsie analyses the Albanian Bektashi and considers their role in the country's history and society. Although much has been written on the Bektashi in Turkey, little has appeared on the Albanian branch of the sect. Robert Elsie considers the history and culture of the Bektashi, analyses writings on the order by early travellers to the region such as Margaret Hasluck and Sir Arthur Evans and provides a comprehensive list of tekkes (convents) and tyrbes (shrines) in Albania and neighbouring countries. Finally he presents a catalogue of notable Albanian Bektashi figures in history and legend. This book provides a complete reference guide to the Bektashi in Albania which will be essential reading for scholars of the Balkans, Islamic sects and Albanian history and culture.
