Millions of people do not read for one reason: they do not have access to text. But mobile phones and cellular networks are transforming a scarce resource into an abundant one. Drawing on the analysis of over 4,000 surveys collected in seven developing countries and corresponding qualitative interviews, this report paints a detailed picture of who reads books and stories on mobile devices and why. The findings illuminate, for the first time, the habits, beliefs and profiles of mobile readers in

developing countries. This information points to strategies to expand mobile reading and, by extension, the educational and socio-economic benefits associated with increased reading. Mobile technology can advance literacy and learning in underserved communities around the world. This report shows how.

What happens when the bottlenecks that stand between supply and demand in our culture go away and everything becomes available to everyone? "The Long Tail" is a powerful new force in our economy: the rise of the niche. As the cost of reaching consumers drops dramatically, our markets are shifting from a one-size-fits-all model of mass appeal to one of unlimited variety for unique tastes. From supermarket shelves to advertising agencies, the ability to offer vast choice is changing everything, and causing us to rethink where our markets lie and how to get to them. Unlimited selection is revealing truths about what consumers want and how they want to get it, from DVDs at Netflix to songs on iTunes to advertising on Google. However, this is not just a virtue of online marketplaces; it is an example of an entirely new economic model for business, one that is just beginning to show its power. After a century of obsessing over the few products at the head of the demand curve, the new economics of distribution allow us to turn our focus to the many more products in the tail, which collectively can create a new market as big as the one we already know. The Long Tail is really about the economics of abundance. New efficiencies in distribution, manufacturing, and marketing are essentially resetting the definition of what's commercially viable across the

board. If the 20th century was about hits, the 21st will be equally about niches.

Young's Literal Translation of the Bible is, as the name implies, a strictly literal translation of the Hebrew and Greek texts (from the Textus Receptus and Majority Text). Compiled by Robert Young in 1862, he went on to produce a revised version in 1887 based on the Westcott-Hort text which had been completed in 1885. Young died on October 14, 1888, and the publisher released a New Revised Edition in 1898. Young used the present tense in many places where other translations used the past tense- particularly in narratives. The Preface to the Second Edition states: "If a translation gives a present tense when the original gives a past, or a past when it has a present; a perfect for a future, or a future for a perfect; an a for a the, or a the for an a; an imperative for a subjunctive, or a subjunctive for an imperative; a verb for a noun, or a noun for a verb, it is clear that verbal inspiration is as much overlooked as if it had no existence. THE WORD OF GOD IS MADE VOID BY THE TRADITIONS OF MEN. [Emphasis in original.]" For example, the YLT version of Genesis begins as follows: 1. In the beginning of God's preparing the heavens and the earth--- 2. The earth hath existed waste and void, and darkness on the face of the deep, and the Spirit of God fluttering on the face of the waters, 3. And God saith, 'Let light be;' and light is. 4. And God seeth the light that it is good, and God separateth between the light and the darkness, 5. And God alled to the light 'Day,' and to the darkness He hath called 'Night;' and there is an evening, and there is a morning---day one. Young's Literal Translation in the 1898 Edition also consistently renders the Hebrew

Tetragrammaton (the four Hebrew letters usually transliterated YHWH or JHVH that form a biblical proper name of God) throughout the Old Covenant/Testament as "Jehovah", instead of the traditional practice of "LORD" in small capitals, which was used in editions prior to 1898. Young's usage of English present tense rather than past tense has been supported by scholars ranging from the medieval Jewish rabbi Rashi (who advised, "If you are going to interpret [this passage] in its plain sense, interpret it thus: At the beginning of the creation of heaven and earth, when the earth was (or the earth being) unformed and void . . . God said, 'Let there be light.'") to Richard Elliott Friedman in his translation of the Five Books in "The Bible with Sources Revealed" (2002). There is a linked Table of Contents for each book and chapter.

Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called "the biggest prison building project in the history of the world." Golden Gulag provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of

capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

The Great CEO Within: The Tactical Guide to Company Building
Univ of California Press

If you want your business to grow, you need to be able to rely on your ability to hire talent reliably and consistently. No talent pipeline? No growth, and no business. But your recruiting team is

drowning (I asked them). They need help. Now, if you ask recruiters, they will ask for headcount. Or more technology. But more bodies and more tools won't solve the issue (though it will eat up your budget). What you need is a better strategy. And that strategy is called employer branding. Employer branding is about understanding, distilling and communicating what your company is all about in order to attract all the talent you need. That will differentiate your company as a place where people will want to work, rather than a place they land because they didn't know better. If you've heard about employer branding in business magazines, it might seem like something only "big companies" can do. Something that requires a dedicated team, expensive platforms, or a bunch of consultants. That isn't true. If you understand where your brand comes from, and how to apply it, any company (especially yours) can hire better with it. And this book will teach you how to do all of that, and then some. In this book, you'll learn what employer branding really is, how to make a compelling argument internally to leadership that creates commitment, how to work with other teams and be creative in finding solutions. As a special bonus, we are including a handbook on how to work with recruiting teams. This hands-on workbook is chock full of examples, checklists, step-by-step instructions and even emails you can copy and paste to make things happen immediately.

The words we speak have power and can potentially create life or death. But when we make a legal proclamation that comes from God Himself, we are then operating in a power that trumps all other power. When you proclaim God's Word in faith, it is activated to bring about His will and purpose for your life.

According to Isaiah 55:11, it does not return empty but accomplishes everything it is sent to do. God's Word is the final authority. If He said it, He will make it good! 31 Decrees of Blessing for Your Life will inspire you with a daily devotion for every day of the month that will turn your attention to the heart of God and His wonderful intentions for your life. Each devotion is followed by ten powerful decrees—faith-filled words of biblical truth for you to be blessed with love, fruitfulness, friends, wisdom, hope, victory, family, glory, endurance, God's presence, gladness, and more. Finally, there is a daily activation for you in

response to each devotion and decree to seal God's Word in your heart and life. Experience multiplication of blessings for your life and watch transformation take place as you daily give Jesus your focus and decree His Word.

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

A Life of Unlearning Zondervan

Here is the story of 10 churches in America that are growing at a very rapid pace. They are different in many respects: sections of the country, age of congregation, age of pastor, and their

approach to the task of growth. Author Towns has done a very fine job in elaborating these differences but the major contribution of the book may well be the strong emphasis on the ways in which they are alike. It is must reading for every pastor and church member who is depressed by declining attendance or lack of growth.

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all

backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

"Few books have had as great an impact on the cause of world evangelization in our generation as Robert Coleman's "The Master Plan of Evangelism."--Billy Graham It all started when Jesus called a few men to follow him and share God's message

with their neighbors. We are called to do the same. But evangelism can be difficult--even intimidating. With all the evangelism resources available, where should you turn to find advice on how to share the Good News with others? Robert E. Coleman says the answers aren't found in TV evangelism, easy-evangelism guidebooks, or the latest marketing techniques. Rather, he looks to the Bible, to the ultimate example found in

Jesus Christ. For more than forty years this classic, biblical look at evangelism has challenged and instructed over three million readers. Now repackaged for a new generation, "The Master Plan of Evangelism" is as fresh and relevant as ever. Join the movement and discover how you can minister to the people God brings into your life.
