The report lists resources that may be useful to individuals responsible for area training programs, especially if the trainees are being sent to developing nations. Part I gives descriptions, source data, and evaluative information about films likely to be of more than average value in area training. It also contains items concerned with technical assistance, development, social change, and cross-cultural communication. Part II lists some novels that capture the attitudes, feelings, and aspirations of other cultures. The first two parts are classified primarily by cultural-geographic areas and by country. Part III is an annotated list of readings which describe and analyze American values in ways that may enable the reader to become more sensitive to the values and assumptions which determine his behavior. Part IV describes several organizations and publications other than novels or movies which provide information about sources of area training materials.

Awakening Your Sexuality

Scarborough, Ont. : Nelson Canada
An earnest young boy who loves nature grows up the son of a fundamentalist pastor. He goes to college, trains as a biologist, and becomes a successful university professor. In the process he finds some of the religious beliefs that carried him through childhood and adolescence indefensible in the face of evidence from biology and geology--and even from Scripture itself. What's he to do? This is the journey of a boy-turned-scientist who finds a path away from "the idols of fundamentalism" and toward a universe rich with process, intrigue, and mystery. Along the way, he discovers a faith consistent with physical reality, one open to beauty, kindness, and hope.
