## NOVAK CRAWFORD

Volcanoes of the World Abrams

When *The Big Show* was first published, paper rationing meant that the text had to be heavily cut. Now, for the first time, this international bestseller has been returned to its complete, and breathtaking, original state. Pierre Clostermann was a Free French fighter ace who flew with the RAF during the Second World War. Over the course of five years he engaged in hundreds of dog-fights, shot down scores of Luftwaffe planes, escorted American bombers on some of the most dangerous raids of the war, and watched many of his friends falling to their deaths in the skies over the Channel. *The Big Show*, his incredible account of the air war over Britain and France, has become one of the most famous memoirs of the Second World War. Now in its original state, it contains everything one could wish for in a war memoir: wonderfully observed descriptions of wartime Britain, frighteningly evocative stories of in-the-cockpit action, an amazing cast of characters, and all the drama and bravery of a man fighting a desperate war thousands of feet above the ground. An undeniable classic.

The Two Swords Apress

A romantic fantasy set in a futuristic society divided by two cultures, one male dominated and one egalitarian, where the roles of male and female, love and marriage and justice and injustice are brought sharply into focus. From the author of *CASTLE TERROR*.

"All for one and one for all!" The young and headstrong D'Artagnan, having proven his bravery by dueling with each, becomes a friend of Athos, Porthos, and Aramis, members of the King's Musketeers. He is in love with Constance Bonancieux and, at her urging, he and his friends head for England to reclaim two diamond studs that the Queen has imprudently given to her lover, the Duke of Buckingham. Richelieu, the chief minister of King Louis XIII, will resort to anything - even murder - to stop

the Musketeers from interfering with his plan to ruin Queen Anne's reputation, and her influence over the King. *The Three Musketeers* is one of the world's greatest adventure stories, and its heroes have become symbols of youth, daring, and friendship. Behind the flashing blades, Dumas explores the eternal conflict between good and evil. Includes unique beautiful vintage illustrations.

An outstanding novel about a young Russian woman's life in exile after the Russian Revolution. *The Book of Happiness* is one of the outstanding novels the great Russian writer Nina Berberova wrote during the years she lived in Paris, and the most autobiographical. All Berberova's characters live raw, unfurnished lives, in poverty, on the edge of cities, with little sense of belonging except in moments of epiphany to their time and in life itself (*The Observer*). Such a character is Vera, the protagonist of *The Book of Happiness*. At the novel's opening, Vera is summoned to the scene of a suicide, that of her childhood companion, Sam Adler, whose family left Russia in the early days of the revolution and whom Vera has not seen in many years. His death reduces Vera to a flood of tears and memories of the times before Sam's departure, and thoughts about how her life has gone since her move to Paris where she lives tied to a brilliant but demanding invalid husband. Berberova spins the story with a wonderful unsentimental poignancy, making it a beautiful testament to the indestructibility of happiness.

It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 - filled with artists, wannabe artists and hangers-on - was a community of the misbegotten gathered from every town in America and relocated in the mean streets between

Broadway and the Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera - and is now alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.
