*The Middle Class in World Society* Picador

This volume delves into the study of the world's emerging middle class. With essays on Europe, the United States, Africa, Latin America, and Asia, the book studies recent trends and developments in middle class evolution at the global, regional, national, and local levels. It reconsiders the conceptualization of the middle class, with a focus on the diversity of middle class formation in different regions and zones of world society. It also explores middle class lifestyles and everyday experiences, including experiences of social mobility, feelings of insecurity and anxiety, and even middle class engagement with social activism. Drawing on extensive fieldwork and in-depth interviews, the book provides a sophisticated analysis of this new and rapidly expanding socioeconomic group and puts forth some provocative ideas for intellectual and policy debates. It will be of importance to students and researchers of sociology, economics, development studies, political studies, Latin American studies, and Asian Studies.

*House of Glass* Lulu.com

"Edward Deci, one of the country's outstanding social psychologists, writing with former New York Times science and health editor Richard Flaste, offers some bad news and some good news: Rewards and punishments do not make workers perform more effectively, or students learn better, or families function more smoothly - that's the bad news. Indeed, it is the deadening of interest and commitment, from too much control, from overreliance on rewards and threats, that keeps people from peak performance." "But the good news is that people have an innate energy, interest, and excitement about the world that can be encouraged, and when they find greater satisfaction in what they do, they are more effective. Deci shows us how people work more efficiently, learn more intelligently, and treat each other better when their sense of autonomy is encouraged. Give students the reasons why they need to learn something boring, bring workers into the decision process whenever possible, avoid the use of threats, and amazing results will ensue, because people are inherently interested in the world, and they perform optimally when their autonomy is supported. While this good news is a call for autonomy, it is not a call for anarchy. People need limits and structure, but the way these are provided makes all the difference. Reading this book will revolutionize the way we think about motivation - and will give readers insight into what makes us tick."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Cuaderno del estudiante [Spanish student workbook] to be used with the English student textbook; may be used individually or as a source for blackline masters.

The Professional Diplomat Penguin

Todd Blubaugh quit his job in pursuit of adventure on the open road. His long-planned trip criss-crossing the nation was meant to be an escape and an opportunity to forge a new existence while pursuing his twin passions for photography and motorcycle culture. With the passing of Todd's parents only days before his expected departure, his journey took on an unexpected gravity; his time spent traveling marks a personal sea change and a period of great personal discovery. Through photographs, artefacts, personal letters and short vignettes the story of that trip is told.

*F\*cking History* Capstone

AMA Hall of Fame inductee Peter Starr's motorcycle adventures in 12 countries in 6 years

**Selling the Dream** Haynes Manuals N. America, Incorporated

Forty original contributions on games and gaming culture What does Pokémon Go tell us about globalization? What does Tetris teach us about rules? Is feminism boosted or bashed by Kim Kardashian: Hollywood? How does BioShock Infinite help us navigate world-building? From arcades to Atari, and phone apps to virtual reality headsets, video games have been at the epicenter of our ever-evolving technological reality. Unlike other media technologies, video games demand engagement like no other, which begs the question—what is the role that video games play in our lives, from our homes, to our phones, and on global culture writ large? How to Play Video Games brings together forty original essays from today's leading scholars on video game culture, writing about the games they know best and what they mean in broader social and cultural contexts. Read about avatars in Grand Theft Auto V, or music in The Legend of Zelda: Ocarina of Time. See how Age of Empires taught a generation about postcolonialism, and how Borderlands exposes the seedy underbelly of capitalism. These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture. They are a must read for fans and students of the medium.

**Dirt Bike History** Toronto ; New York : Academic Press

"Four times around the world by motorcycle, professional motorcycle adventurer, magazine journalist and lecturer shares his insights on the world from atop everything from a Harley-Davidson to an Amazonas. Frazier is the ""King of the Round the World"" riders."

A quick-reference guide to bluegrass G-tuning banjo chords, plus a fingerboard diagram showing the location of the notes on the banjo fingerboard.

*Game On! 2019* Putnam Adult

History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh\*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f\*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f\*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.

*Suzuki Gs500 Twin* Penguin
